TEN CENTS A WEEK

OVER 100 MINERS ARE BURIED ALIVE

Work of Rescue is Being Rapidly Pushed.

NO HOPE FOR ENTOMBED MEN

Unconfirmed Report Says Sixty Bodies Have Been Recovered—Comrades Work to Rescue Their Unfortunate Friends.

Virginia, Ala., Feb. 22.—Only two bodies have been recovered from the mine here which was closed by an explosion last afternoon, entombing 116 men. One is that of a white miner named John Brown, and the other a negro whose name is not known as yet.

The latest report from the Virginia mines is to the effect that three bodies have been recovered. All are blackened and disfigured, and give evidence of terrible a struggle which the unfortunate men had before giving up their lives.

Thousands of people were gathered about the mouth of the mine when the bodies were brought up and distressing scenes were witnessed when the bodies were identified.

The rescuers are still at work, and a late rumor says that no less than 50 dead bodies are in sight.

At noon practically no hope was held out of finding any of the entombed men alive.

The work of rescue is most difficult, owing to the prevalence of noxious gases.

Birmingham, Ala., Feb. 21.—A staff correspondent of the Birmingham News at Virginia mines telegraphs at 10 o'clock a. m. that only one body has been recovered from the mines.

The exact number of men who were in the mine is now placed at 116. The work of digging through to the entombed men is going on without cessation. Practically all hope has been abandoned.

Birmingham, Ala., Feb. 22.—By a "dust" explosion in the Virginia mines, 17 miles southwest of Birmingham, Monday afternoon at 4 o'clock, between 110 and 135 union miners, negroes and whites, are entombed 700 feet below the surface, and it is probable that none of them will live to tell the story of the disaster.

Scores of vigorous rescuers are at work digging into the mine to relieve their friends and comrades on the inside.

The explosion is believed to have been caused by an accumulation of dust, although the mine has heretofore been noted for being entirely free from dust. It is also believed that as the entire quota has probably been killed, the details of the cause of the disaster will never be known.

A telephone message from Bessemer, 6 miles from the scene of the disaster at Virginia mines, where about 150 men were entombed by an explosion late Monday afternoon, said that at 9:30 o'clock this morning an unconfirmed report had reached there that the rescuers had reached the interior of the mine and that 60 dead bodies had been found.

Whether this rumor is true or not, it is known that practically all hope of finding any of the imprisoned men still alive has been abandoned.

The rescuers during the night encountered much after-damp and many of them had to be taken to the surface and revived having been overcome by the fumes.

This leads the rescuers to believe that the entombed men could not possibly have lived this long in their dark underground habitation.

Hundreds of miners gathered at the Virginia mines during the night from all over the district to help in the rescue work, but only a limited number could be employed. However, as soon as one shift was tired or overcome by after-damp, another was ready to take their places and continue the work.

The state mine inspector, J. M. Gray, was on the scene all night directing the work.

J. B. McRae, assistant state mine inspector, by Atlanta, Ala., Feb. 22.

that he could not understand such a catastrophe at Virginia mines, since they are well ventilated and have never been troubled with dust. He went to the mines early this morning to investigate the disaster officially.

President Ed Flynn, of the Alabama United Mines Workers, and National Committeeman W. R. Fairly, together with Joe Hallier, district organizer, left for the scene to render whatever assistance they could in rescuing the and aiding the families of the unfortunates.

President Flynn said before leaving that there were 135 men employed in the mine regularly, but as Monday was pay day, he could not tell whether the full quota was in the mine at the time of the disaster or not.

MILES ASKED TO GIVE PROOF.

Mrs. Jefferson Davis Calls on Him for More than His Word.

Savannah, Ga., Feb. 22.—In a letter to the Savannah Press Mrs. Maria Jefferson Davis calls upon General Nelson A. Miles to present proof other than his own word that she at any time wrote to him thanking him for his treatment of Jefferson Davis, president of the confederacy, while he was held a prisoner at Ft. Monroe. She says in her letter to the Press:

"The public attention cannot be reflected from the terrible charges under which General Miles rests by a controversy over a letter, concerning even the existence of which no stronger proof is advanced than the bare assertion of General Miles.

"But in so far as it may be of any importance my estimate of General Miles' character is such that I am constrained to demand that the letter exists a photographic reproduction showing the date, the place of writing, the contents, and the signature be given to the public.

"If it is of the vital importance which General Miles seems to claim, surely the situation from his own standpoint suggests that the slight trouble involved would be justified."

CONVICTS MAKE BOGUS MONEY.

Complete Counterfeiting Outfit Found in Virginia Penitentiary.

Richmond, Va., Feb. 22.—A counterfeiting outfit, operated by convicts, has been found in a cell at the state penitentiary. With the find was a number of spurious coins, mostly 10 and 25-cent pieces. The find was made by officers of the penitentiary.

Walter Turpin, a white convict, is said to have been connected with the gang, and it is believed that two others were associated with him, one of them a life man.

The coins are perfect as to size, figures, milling and thickness, but feel a little "greasy" and are lacking in weight. It was discovered on investigation that the men implicated in the counterfeiting had been using a considerable quantity of canned goods, and that they melted the tin and the lead from the cans, and in this way got most of the metal they used. Some of the lead used in the shoe shop was also smuggled into them.

CHARGED WITH ROBBERY BANK.

Men Who Robbed Bank and Killed the Cashier Are Captured.

Salt Lake, Utah, Feb. 22.—A special from Vernal, Utah, says:

Albert T. Caldwell and David Fraughton, who are held in jail here on a charge of grand larceny, were identified as the city bank robbers, for whom there is a reward of \$5,000.

Sheriff Horton, of Carbon county, Wyoming, has arrived here with W. L. Walts, who was an eye-witness to the killing of the bank cashier. Walts positively identified Caldwell as the man who did the shooting and Fraughton as his accomplice.

Both men deny that they are the Cody robbers and state that they are willing to go back to stand trial.

Old Wisconsin Citizen Dead.

Trimmbelle, Wis., Feb. 22.—Anthony Huddleston, aged 101, the first white settler in Pierce county, is dead at the home of his grandson near here. Mr. Huddleston was born in Virginia, and was a direct descendant of the family of which Daniel Boone was a member. His youngest child is 55 years of age, and his eldest 78.

MORE WILL FOLLOW DECLARES ASSASSIN

Man Who Killed Grand Duke Makes Statement.

OTHERS ARE DOOMED TO PERISH

Claim is Made that the Czar is a Tool in the Hands of His Relatives.

Grand Duke Paul's Rank Restored to Him by Czar.

Moscow, Feb. 22.—The assassin of Grand Duke Sergius maintains an attitude of profound indifference.

When pressed to reply to questions he declared that all the efforts of the authorities would have no result. Before his victim was laid under earth other victims would be found. Regarding his motives the assassin said he only acted in the interests of oppressed people. He considered his deed was an act of duty. The grand dukes had for years violated every canon of ordinary decency and ruined the country while exploiting the weak will of the emperor for their own ends. They had made him a tyrant so that the people hate him. He was aware that the emperor was an innocent dupe and his party had decided to deliver the emperor from the evil influences surrounding him in the hope that he some day would join in the movement and become the head of a national government based on western lines.

Neither the police nor the spies, the assassin said, will be able to protect those who are doomed to death.

Grand Duke's Rank Restored.

St. Petersburg, Feb. 22.—It is officially announced that Grand Duke Paul has been re-admitted to the Russian army with his former rank of lieutenant general and aide-de-camp general.

Eydikhen, Prussia, Feb. 22.—Grand Duke Paul proceeded to St. Petersburg alone, no permission having been received for the grand duchess, his morganatic wife, to cross the Russian frontier. She left here today, returning probably to Paris.

Caucasia Town Panic Stricken.

Baku, Caucasasia, Feb. 22.—The town is panic stricken, the banks are closed and business is suspended as a result of yesterday's disturbances and the numerous attacks of armed Musulmans on Armenians, which have been going on since Sunday in various quarters of Baku. The attacks are attributed to racial enmity.

General Stoessels in Crimea.

Kaifa, Crimea, Feb. 22.—Lieutenant General Stoessels, the former commander at Port Arthur, arrived here today.

Little News from War.

Tokio, Feb. 21.—Noon.—Field Marshal Oyama reporting today says that a small infantry attack was made on Pang mountain on Feb. 20. The Russians shelled Lapatal on the night of Feb. 19 using heavy guns.

Third Squadron in Danish Waters.

Frederickshaven, Denmark, Feb. 22.—The third Pacific Russian squadron anchored today in Skagen bay and is coaling. The squadron has been joined by some other units and now consists of five arconclads, an auxiliary cruiser, a gunboat and three transports.

Alabama Man Dies Suddenly.

Tallapoosa, Ala., Feb. 22.—H. G. Lawson has died suddenly in the Hotel Central here. At the autopsy held by the coroner, at which Dr. W. B. Brock and Dr. A. B. Cole were present, it was determined that the cause of death was a rupture of the heart, in consequence of a fatty degeneration of that organ. Mr. Lawson arrived here from Birmingham, Ala., to embark in a business partnership with F. F. Taylor, in real estate and loans.

Stevedores Strike at Havana.

Havana, Feb. 22.—The harbor tie-up is more general today. Only a few stevedores are working.

CHARGED WITH MURDER.

Negro Found with Throat Cut and Soldier and Woman Arrested.

Atlanta, Feb. 22.—Charles Ganson, a negro man about 30 years of age, was killed Tuesday morning at his home, 15 West Hunter street. His throat was cut.

R. F. Young, aged 27, a private in the Sixteenth infantry, is at the police barracks. He is charged with the killing.

The wife of the dead negro, Sadie Ganson, states that the soldier cut her husband's throat. The soldier declares that he was passing along the street and heard a man tell a woman that she had cut his throat. He says he started to enter the house, when the body of a man fell against him, staining his clothes with blood.

The killing occurred shortly before 3 o'clock in the morning. The police were notified of it at once and shortly after 3 o'clock both Young and the wife of the dead negro were under arrest.

CHARGED WITH INCOMPETENCY.

San Francisco's Chief of Police is Suspended from the Force.

San Francisco, Feb. 22.—Chief of Police Wittman, has been served with a copy of the complaint in which the board of police commissioners of this city sets forth in specific form, charges of incompetency and neglect of duty against him.

The main charge of incompetency is based upon the allegation that although Chief Wittman was in control of the Chinese quarter and empowered to suppress unlawful gambling there, that the games flourished and that gambling places were conducted and maintained openly with the alleged knowledge of the police squad in charge of the district. Wittman declared his readiness to answer to the charges made in the complaint and will insist upon a speedy trial.

BODIES HAVE BEEN RECOVERED.

Martin and Bostick Were Weighted Down with Shells.

Savannah, Ga., Feb. 22.—The bodies of William E. Martin and Benjamin R. Bostick, the two men who were drowned while duck hunting, their boat having capsized in the Savannah river, near Seola, S. C., have been recovered after a two days' search.

The bodies were found near the scene of the drowning. They were in 8 feet of water. Both men wore very heavy clothing, one moreover, had 27 loaded shells in his vest, while the other had 40. These weighted them down so that it was impossible for them to swim.

Martin was a man of wealth. He is survived by a widow and four children, and Bostick is survived by a widow and three children.

McCue's Will is Probated.

Charlottesville, Va., Feb. 22.—The will of J. Samuel McCue, hanged for wife murder in Charlottesville on Feb. 10, was admitted to probate in the Charlottesville corporation court today. Four brothers of McCue qualified as executors, giving bond for \$100,000. The entire estate is left to the ex-mayor's children, three boys and one girl. Two hundred dollars is left to erect a monument over McCue's parents' grave. The will was made Sept. 10, 1904, six days after the murder and three days after the arrest.

INDIANS DESERT FROM ARMY.

They Must Serve One Year in Sentence of Courtmartial.

New York, Feb. 22.—Castle William, an old military prison on Governor's Island, has received a quartet of Indians in their school days famous athletes, in which the Redmen who began to serve terms for desertion from the army, are Glen Pierce, a few years ago one of the tackles of a Carlist football team, Waldeck Dockstader, one of the best backstops the Indian school ever produced; Luke Abren, a star pitcher years ago, and Morris Lee, a Seneca boy, who was not so fortunate to get a chance to distinguish himself at the Indian school.

All the Indians were sentenced by a courtmartial that recently sat at Fort Porter near Buffalo, to serve one year each. They deserted from the First infantry, claiming that they

REVISE TARIFF LAWS OF THE PHILIPPINES

Important Measures Considered By National Congress.

SENATE WANTS RAILROAD LAWS

Senator Carmack, of Tennessee, Presents Petition to that Body for Rate Legislation—He Calls Roosevelt an Able Lieutenant to W. J. Bryan.

Washington, Feb. 22.—Soon after convening today the house in committee of the whole began considering the bill to revise and amend the tariff laws of the Philippine islands.

Mr. Payne (N. Y.), chairman of the committee on ways and means, explained that the bill did not affect the question of goods imported into the United States from the Philippines, but that it did affect goods exported from this country to those islands. The bill, he said, was for revenue purposes and originated with the Philippines.

In the Senate.

When the senate convened today Mr. Carmack, a member of the committee on interstate commerce, presented a petition for railroad rate legislation. Mr. Berry immediately asked the prospect for railroad rate legislation. Mr. Carmack gave place to Mr. Elkins, chairman of the committee, to make reply. Mr. Elkins said:

"The bill passed by the house reached the senate about 10 days ago. During that time the senate has had almost continuous sessions, but only one friend of the railroads has been heard. The committee has given the best attention possible to the bill, but there has been no time to consider the amendments, and there are several believed to be important. No decision as to an effort to pass the bill has been reached."

Mr. Carmack, a member of the committee on interstate commerce, excused himself from speaking for the committee on the ground that "such joyous harmony exists there as to obliterate party lines." He said he could assure the senate that all of the committee are actuated by a keen desire to execute at the earliest possible moment "the promises made by the president of the United States and through the medium of the Democratic platform and to add that it is the intention of the whole committee to be guided in this matter by the president."

"Indeed!" he added, "I may go further and say knowing the chairman of the committee will correct me if I am wrong, that I am authorized to inform the senate that all the members recognize in the president the foremost disciple and the ablest lieutenant of William J. Bryan."

The statement caused a general burst of laughter, and the incident closed.

PROPER WAY TO SALUTE FLAG.

This Momentous Question is Settled by a Woman's Debating Club.

New York, Feb. 22.—After a heated debate in which 10 women took part, the Bayonne, N. J., political study club has voted by a large majority that the proper way for a girl to salute the flag is to touch the forehead with her right hand precisely as a man does.

The club is composed of the leading society women of Bayonne and vicinity, and has been considering the question of saluting for some time and one of them went so far as to ask the president for his opinion. In the debate which preceded the voting, one elderly club woman declared that women should wait "until we are given our rights and a full measure of citizenship before we salute the flag at all."

Two Remarkable Men Dead.

Richmond, Va., Feb. 22.—Two remarkable men have just died in Indiana. One was Anthony Watt, of Connersville, aged 82, the oldest member of the Elks in the world. The other is Henry Krueger, of Boone county, who served in the German, English and American armies and who saw the famous charge of the Light Brigade. His age was 82.

GIVEN UP TO DIE,

But Our Great Cod Liver Oil Preparation, Vinol, Cured Her of Consumption.

Mrs. J. G. Brown of Anderson, Ind., writes: "Our daughter Mary was on the verge of the grave with consumption. Our family physician had given her up—said she could not possibly recover. She was so weak she could take only half a teaspoonful of nourishment at a time. We read an advertisement of Vinol, and decided to try it as a last resort. She has now taken eight bottles, and her health has been restored in a marvellous manner, and she is as well as ever she was. Words are

MISS M. BROWN.

inadequate to express our gratitude to you and your valuable remedy, and we hope that other dear ones may be saved as ours was."

The reason that Vinol accomplishes such wonderful results in throat, bronchial and lung troubles is because it contains in a concentrated form all the vital principles of cod liver oil, but without a drop of oil to nauseate and upset the stomach and retard its medicinal value; the weakest stomach can retain it and it is delicious to the taste.

Vinol is the most valuable preparation of cod liver oil ever discovered, and we ask every person in Gainesville who has a bad cold, hacking cough, throat or bronchial troubles to try Vinol on our guarantee to return your money if you are not satisfied with the results. W. M. Johnson, druggist.

ist. This is one of the greatest treats of the program.

Sunday, March 12.—2:30 p. m., Vesper service; 8:00 p. m., Sermon.

Monday, March 13.—2:30 p. m., Lecture-recital, "Readings From Some Southern Authors," Rev. Geo. E. Farrar; 8:00 p. m., to be announced, arrangements pending.

Tuesday, March 14.—2:30 p. m., "Wireless Telegraphy" and "Radium," illustrated by the finest apparatus carried by any lecturer, accompanied by multitudes of marvelous experiments, Prof. W. B. Patty, Chicago, Ill.; 8:00 p. m., Lecture: "Liquid Air," one of the greatest discoveries of modern times. The most expensive lecture known to the platform. Startling and beautiful in the extreme. Prof. W. B. Patty, Chicago.

A number of other good things pending, to be added later.

This is one of the greatest programs ever given in the South.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

Frozen Hydrants Hinder Firemen.

New York, Feb. 22.—Frozen hydrants so interfered with the work of the firemen today when a fire started in a big factory building in Greenwich street, that what at first seemed rather an insignificant blaze called for four alarms, and resulted in a loss of fully \$100,000. The fire was in the factory of Philip Hano & Co., manufacturers of manifold books, carbon papers and autograph machines.

To Cure a Cold in One Day Take Laxative Eromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Have you a friend who has a hard cold?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors have known the formula for over sixty years.

WEDNESDAY SESSION OF CIRCUIT COURT

Three Civil Cases Disposed of, and Defendants Arraigned.

GRAND JURY MADE REPORT

Four No-Bills and Five True Bills Were Returned—Jury Working Rapidly. Four Defendants in Criminal Cases Arraigned, Two Pleading Guilty.

Wednesday's session of the circuit court convened at 9 o'clock, His Honor Judge Willis presiding.

Shortly after the convening of the court the grand jury came into open court and reported four no-bills and five true-bills, as follows:

Sam Sheppard, assault with intent to murder; Joe Hunt, breaking and entering with intent to commit a felony; Chas. Walker, breaking and entering with intent to commit a felony; Oscar Hopkins, murder; Gus Mashby, murder.

The docket was taken up, and the following civil cases were disposed of:

Tatum Bank of Savannah, Ga., vs. T. J. Yearly, doing business as the Suwannee River Lumber Company, assumpsit. Judgment for plaintiff in the sum of \$842.60.

Covington Company vs. J. L. Chesser, assumpsit. Judgment for the plaintiff in the sum of \$234.84.

Stringfellow Bros. Co. vs. J. H. Vaughn, defendant, E. Marconi, owner, claim bond in assumpsit. Verdict for plaintiff against claimant in the sum of \$60.

T. L. Boulware vs. J. A. Maulsby, action on the case. Jury empanelled and part of testimony submitted, when court adjourned until Thursday morning.

Defendants Arraigned.

During the day the following defendants were arraigned: Sam Sheppard, charged with assault with intent to murder; plea of not guilty.

Joe Hunt, charged with breaking and entering, etc.; plea of guilty, was sentenced by the court to five years in State prison.

Chas. Walker, charged with breaking and entering; plea of not guilty.

Will Smith, charged with breaking and entering; plea of guilty, sentenced by the court to three years in State prison.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucous and causes its expulsion from the air cells of the lungs, produces a free expectoration and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

Floods Cause Enormous Loss.

Swainsboro, Ga., Feb. 22.—The most disastrous floods this section has seen in years are in full sway here now. All streams are fuller than they have been for years, and trade is seriously handicapped. Every bridge on the Ochopee river in Emanuel and Tattnall counties is gone. It is safe to say that the damage in these two counties alone is \$200,000. At this writing the rain is falling in torrents, with no sign of abating.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and \$1 bottle. Sold by W. M. Johnson."

The lower house of the Hungarian diet today selected Julius Justh, a member of the Kossuth party, to be president of the house. Justh, who was the candidate of the united opposition, secured a majority of 62 over Teßler, the candidate of the Liberals.

GIVEN UP TO DIE,

But Our Great Cod Liver Oil Preparation, Vinol, Cured Her of Consumption.

Mrs. J. G. Brown of Anderson, Ind., writes: "Our daughter Mary was on the verge of the grave with consumption. Our family physician had given her up—said she could not possibly recover. She was so weak she could take only half a teaspoonful of nourishment at a time. We read an advertisement of Vinol, and decided to try it as a last resort. She has now taken eight bottles, and her health has been restored in a marvellous manner, and she is as well as ever she was. Words are

MISS M. BROWN.

inadequate to express our gratitude to you and your valuable remedy, and we hope that other dear ones may be saved as ours was."

The reason that Vinol accomplishes such wonderful results in throat, bronchial and lung troubles is because it contains in a concentrated form all the vital principles of cod liver oil, but without a drop of oil to nauseate and upset the stomach and retard its medicinal value; the weakest stomach can retain it and it is delicious to the taste.

Vinol is the most valuable preparation of cod liver oil ever discovered, and we ask every person in Gainesville who has a bad cold, hacking cough, throat or bronchial troubles to try Vinol on our guarantee to return your money if you are not satisfied with the results. W. M. Johnson, druggist.

1st. This is one of the greatest treats of the program.

Sunday, March 12.—2:30 p. m., Vesper service; 8:00 p. m., Sermon.

Monday, March 13.—2:30 p. m., Lecture-recital, "Readings From Some Southern Authors," Rev. Geo. E. Farrar; 8:00 p. m., to be announced, arrangements pending.

Tuesday, March 14.—2:30 p. m., "Wireless Telegraphy" and "Radium," illustrated by the finest apparatus carried by any lecturer, accompanied by multitudes of marvelous experiments, Prof. W. B. Patty, Chicago, Ill.; 8:00 p. m., Lecture: "Liquid Air," one of the greatest discoveries of modern times. The most expensive lecture known to the platform. Startling and beautiful in the extreme. Prof. W. B. Patty, Chicago.

A number of other good things pending, to be added later.

This is one of the greatest programs ever given in the South.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

Frozen Hydrants Hinder Firemen.

New York, Feb. 22.—Frozen hydrants so interfered with the work of the firemen today when a fire started in a big factory building in Greenwich street, that what at first seemed rather an insignificant blaze called for four alarms, and resulted in a loss of fully \$100,000. The fire was in the factory of Philip Hano & Co., manufacturers of manifold books, carbon papers and autograph machines.

To Cure a Cold in One Day Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Have you a friend who has a hard cold?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors have known the formula for over sixty years.

WEDNESDAY SESSION OF CIRCUIT COURT

Three Civil Cases Disposed of, and Defendants Arraigned.

GRAND JURY MADE REPORT

Four No-Bills and Five True Bills Were Returned—Jury Working Rapidly. Four Defendants in Criminal Cases Arraigned, Two Pleading Guilty.

Wednesday's session of the circuit court convened at 9 o'clock, His Honor Judge Wills presiding.

Shortly after the convening of the court the grand jury came into open court and reported four no-bills and five true-bills, as follows:

Sam Sheppard, assault with intent to murder; Joe Hunt, breaking and entering with intent to commit a felony; Chas. Walker, breaking and entering with intent to commit a felony; Oscar Hopkins, murder; Gus Mashby, murder.

The docket was taken up, and the following civil cases were disposed of: Tatum Bank of Savannah, Ga., vs. T. J. Yearry, doing business as the Suwannee River Lumber Company, assumpsit. Judgment for plaintiff in the sum of \$842.00.

Covington Company vs. J. L. Chesser, assumpsit. Judgment for the plaintiff in the sum of \$234.84.

Stringfellow Bros. Co. vs. J. H. Vaughn, defendant, E. Marconi, owner, claim bond in assumpsit. Verdict for plaintiff against claimant in the sum of \$60.

T. L. Boulware vs. J. A. Maulsby, action on the case. Jury empanelled and part of testimony submitted, when court adjourned until Thursday morning.

Defendants Arraigned.

During the day the following defendants were arraigned:

Sam Sheppard, charged with assault with intent to murder; plea of not guilty.

Joe Hunt, charged with breaking and entering, etc.; plea of guilty, was sentenced by the court to five years in State prison.

Chas. Walker, charged with breaking and entering; plea of not guilty.

Will Smith, charged with breaking and entering; plea of guilty, sentenced by the court to three years in State prison.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

Floods Cause Enormous Loss.

Swainsboro, Ga., Feb. 22.—The most disastrous floods this section has seen in years are in full sway here now. All streams are fuller than they have been for years, and trade is seriously handicapped. Every bridge on the Ochopee river in Emanuel and Tattnall counties is gone. It is safe to say that the damage in these two counties alone is \$200,000. At this writing the rain is falling in torrents, with no sign of abating.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and \$1 bottle. Sold by W. M. Johnson."

The lower house of the Hungarian diet today selected Julius Justh, a member of the Kossuth party, to be president of the house. Justh, who was the candidate of the united opposition, secured a majority of 62 over Tölgner, the candidate of the Liberals.

The First Game of Baseball of
the Season

WON BY SEMINARY BALL TEAM

A Fine Game Witnessed by An Enthusiastic Crowd—The Seminary Battery Does Gook Work—Lake City Team Play Good Ball.

The first game of baseball of the season was played on the home grounds Wednesday afternoon between the Florida University team of Lake City and the East Florida Seminary nine, a large and enthusiastic crowd being present. Game was called at 8 o'clock with the home team at bat, and resulted in the Seminary boys making a score, while the Lake City boys failed to get a man over the home plate.

In the second inning the home boys scored another, the visitors being shut out again, but in the third the visitors reversed the order, and by hard work got one run to their credit.

In the fourth the Seminary boys got another brace of runs on one hit, the visitors getting blanked. In the first half of the fifth the home team made one, and Lake City came up and got two over the home plate. With one out Harry Harmon, the Seminary pitcher, showed his nerve and settled down to his work, striking out two men with the bases filled. It was pretty work.

In the sixth the Seminary scored two runs on one two-bagger and two singles, the Lake City boys getting in two runs. The Seminary boys got two in their half of the seventh, which ended the run-getting, the score by innings being as follows:

Seminary.....110212200-9
University.....001022000-5
Hits off Harmon, 5; Lake City, 8.
Errors—E. F. S., 6; University, 7.
Bases on balls, 4 each.

Batteries: University—Willis, Post Fine and Dowling. Seminary—Harmon and Thomas. Umpire, Harvey Hutchinson.

Pop Flies.

The battery work of Harmon and Thomas was fine.

Coombs made a fine throw from deep center to the home plate and shut the visitors in the seventh.

The Lake City team are gentlemen, play good ball, and there was no friction during the game.

Gasque, Taylor and Carpenter played well, and the team surprised their friends.

The list of the Seminary team, their class, home address and name of parents will be published tomorrow to show that the team is composed of all students and amateurs.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nerve was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nerve has completed her entire cure."

OTTO KOLE,

1921 Cherry St., Evansville, Ind.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

JOTTINGS FROM JUDSON.

Farmers Preparing Land for Spring Planting—Other Notes.

Judson, Feb. 21.—Mark Jones the chief clerk of Ira J. Carter of Newberry, was married to Miss Lou Swilley of Judson yesterday. The ceremony was performed by Ira L. Carter, notary public. They departed immediately after dinner for Newberry, where they expect to make their future home. Mr. Jones is a good, moral young man, and well thought of by everybody. The bride is a most distinguished young lady, the daughter of Mr. and Mrs. F. N. Swilley. We wish them a long and happy life.

Mrs. L. R. Weeks, who has been sick for seven or eight weeks, and who has been staying in Newberry for two or three weeks, has returned home with her health very much improved.

Mrs. Ann Dudley, who has been living with her brother, R. P. Miller of Jonesville, has moved here, where she expects to make her home for the present.

The farmers have about got their land plowed up ready to plant as soon as spring arrives. Some of them will cut down their cotton crop to about one-half of what it was last year, as they have not sold their last year's crop yet.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vilet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1. Sold by W. M. Johnson.

Revival at Micanopy.

The people of Micanopy are participating in a revival or protracted meeting at the Baptist church. The meetings, which began Monday, are being conducted by Revs. Holzhauser of the Micanopy Baptist church and S. B. Rogers of this city. The meetings are said to be largely attended, and much good will no doubt be accomplished.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Turks Kill Twenty Men.

Salonica, Feb. 22.—In a fight between Bulgarians and Turks at Kuklitch village, near Strumitza, 20 Bulgarians were killed or wounded. The Turks burned the village. A commission of inquiry found in the ruins the charred remains of 14 women and several children.

A Philadelphia parson says, "I prefer hell to politics." It's all about the same thing in some cities.

A Kansas City judge says the marriage relation is a joke. It will be hard to make some men believe that.

Vegetarianism has prospered under the beef trust, but the organization of a fruit trust in Baltimore reduces the menu.

Statistics show that \$10,000,000 was embezzled in the United States during 1904, according to a statement recently compiled by the Fidelity and Casualty Company of New York City.

Be courageous and of a brave heart whenever you discover even a tendency in yourself to "get down in the mouth." Just remember that God cannot use a discouraged man, and the world is too busy to listen while you whine.

Madam Rejane, the noted actress from France, gained considerable notoriety a few evenings before her return by giving an exhibition of her ability to dance before a company of gentlemen at a club. The men declared it was the best yet.

The Eskimos have used for years salmon skin in the making of boots and also use tanned codfish skins for coats and waterproof garments, and now the government fish commission is investigating this report with the advisability of using fish skins for clothing.

When the commander of the German cruiser entered the port at Savannah, he was greeted by the mayor and high officials of the city and the government attaches. After a time the commander inquired for the collector of the port. When informed he was a German of color, there was no further inquiry. But Theodore is so odd.

Many young men miss their chance to rise in the world because they are not ready for the next step up when the opportunity comes. As long as we are satisfied with just enough knowledge or skill to perform the work in hand, we shall never rise any higher. Those who have fitted themselves for a sphere of larger usefulness by diligent study and careful preparation usually get the opportunity sooner or later.

The pamphlet issued by Hon. B. E. McLin, Commissioner of Agriculture, giving a description of Florida and her resources, should be circulated all over the United States. There are thousands of people who are not aware of the resources of Florida, who are looking for a location, and after reading this pamphlet would no doubt come here and investigate the situation. And once they get the Florida sand in their shoes, they will never stay away.

It seems that American steamers in the Far East are dependent on vessels from home for the means to "coal up." Thus it is mentioned that a coal transport which has just sailed from Baltimore for Manila, loaded with 9,500 tons of coal, valued at \$23,750, will earn from the United States government in freight charges the sum of \$71,250. The government thus pays over three times the domestic value of the coal merely to transport it to the Philippine Islands.

POOR LO NO LONGER.

Not always is the poor red man of the novelist and the zealous but frequently misguided champion of his rights recognizable when encountered in flesh and blood, as is illustrated by the bill now before Congress authorizing an equal division of the lands and moneys of the Osage tribes of Indians. This nation, once powerful, now numbers only 2,000 souls, but it is possibly the richest per capita of any of the Indian tribes. It occupies a reservation in the northern part of Oklahoma, its property consisting of 1,500,000 acres of land, \$8,250,000 on deposit in the national treasury, an annual income of \$150,000 from grazing lands and \$100,000 from royalties from oil and gas. Given an income of \$125 for every member of the tribe, with 750 acres of land, more than \$4,000 apiece in trust funds, and your Osage Indian occupies a position which removes him from any immediate possibility of want and makes him a personage of independence. In its administration of the tribe's affairs the government has been prompted by the same motives controlling its action in relation to others of the same race. By their co-operation and acquiescence in the course pursued, the Osages have assisted materially in promoting their own welfare. That they have met with such a marked degree of success where other tribes have been less fortunate was due largely to their own efforts, but it serves to illustrate the fact that the government is not unmindful of the interests of its wards and that their condition as a whole is far more favorable than the general public is led to believe.

MULE VS. AUTOMOBILE.

Up in Missouri, where the mule is held in high esteem, they are of the opinion that the automobile should take a back seat and allow the mule to come to the front. A postmaster in that State, in speaking of the rural mail delivery, says:

"The more Missouri sees of the automobile the more it likes the mule. The Missouri bird of paradise will go where no auto would dare to tread. He will haul you over fifty-three clay hills on time or kick holes through them and go under. Nothing will discourage a mule. You never have to stop and fix him. You don't have to take a monkey-wrench and a kit of burglar tools along. A good stout club is the only instrument that he has any respect for. There's no danger of his blowing up. Difficult roads only inspire him to greater efforts. After colliding with a tree or a brick house the auto is sent to the junk house, but the mule is only brighter and gayer and stronger after each collision; it's the thing that he runs up against that goes to the scrap pile. A mule eats more than an automobile but he gives greater results. Stick to the mule."

But the Missouri postmaster evidently doesn't know so much about the automobile, or he would not say "a mule eats more than an automobile." If he had ever fed an auto, he would learn that some of them consume quite an amount of the "Standard Oil Company" product for every mile they make.

The Retort Amiable.

Mistress—I don't want you to have so much company. You have more callers in a day than I have in a week. Domestic—Well, mum, perhaps if you'd try to be a little more agreeable you'd have as many friends as I have.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio. Sold by all druggists, 75 cts. Take Hall's Family Pills for constipation.

WILL ELECT A SUCCESSOR.

On Monday, February 20, Governor Broward issued a proclamation calling for a special election to be held in Marion and Sumter counties on Tuesday, March 21st, to elect a State Senator in place of Hon. O. M. Brown, whom the proclamation claims has caused a vacancy in that office by his removal from the district.

There has been considerable discussion on this subject for some time, and the law has been quoted in regard to who should decide in regard to the eligibility of those entitled to seats in the Senate; but the Governor stepped in and settled the matter himself, and the Hon. O. M. Brown will have no voice in the matter as to where he resides.

Thackeray's "Strike" For a "Raise."

I hereby give notice that I shall strike for wages the wrote to the proprietors of Fraser's Magazine. You pay more to others, I find, than to me, and so I intend to make some fresh conditions about Yellowplush. I shall write no more of that gentleman's remarks except at the rate of 12 guineas a sheet, and with a drawing for such number in which his story appears—the drawing 2 guineas. Pray do not be angry at this decision on my part. It is simply a bargain which it is my duty to make. Bad as he is, Mr. Yellowplush is the most popular contributor to your magazine and ought to be paid accordingly. If he does not deserve more than the monthly nurse or the Blue Friars I am a Dutchman.—James Grant Wilson's "Thackeray."

Trouble With the Napery.

"Linen kings" can make trouble easily for the housewife with their three joluted microscopes for determining the number of threads to the inch in any article of table linen. One visited a friend the other night and after dinner exhibited a handkerchief worth at wholesale \$1.50 apiece. It was very beautiful under the microscope. The hostess then looked upon a napkin and afterward upon a tablecloth. Now, she thought up to that moment her napery was the finest in the block, and the revelation of the wide meshes caused the most bitter disappointment. Ever since her misery has been complete. When "linen kings" go out socially they had better leave their microscopes at home.—New York Press.

Thousands Have Kidney

Trouble and Never Suspect It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

DEBILITATED AND WOMEN.
Can be cured for unnatural weakness, exhaustion, nervousness, etc., by Dr. Kilmer's Swamp-Root, the great kidney remedy. It corrects all urinary troubles, and restores the system to its normal condition. Sold by druggists, or sent in plain wrapper, by express, prepaid, for \$1.00, or 2 bottles \$2.00. Circular sent free.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

Mrs. Luella Adams

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

FORFEITED HER BOND.

Maggie McRease Arrested for Fighting and Jumped Her Bond.

"Look heah, gal, if yer fools wid me I'll beat yer till yer grandma won't know yer; I'll beat yer till yer smells like er bottle er Japanese oil."

These were the remarks it is alleged were directed by Maggie McRease, whom it is said became too familiar with the contents of a bottle of gin, to Dinkie Harris, who resides in the vicinity of the county jail. The contents of the bottle did not appear to have the effect of making one affectionate, but the reverse was the case, for Maggie's burning temper was stirred within her graceful form, as she waved a frying pan frantically over her head and threatened to do Dinkie bodily harm.

But Dinkie has a reputation of being strong and spunky, especially the former, and held her own in a manner which would have been well for the Russian navy to pattern after. "Prosech me! Prosech me!" she defiantly commanded. "If I gits deese bash-grabbers 'roun yer neck I bet yer'll be sorry yer eber 'filiated wid Dink Harris."

It was while the women were engaged in defying each other that Officer Pinkson appeared upon the scene and placed his "bash-grabbers" on Maggie, who seemed to be the aggressor.

Maggie pleaded, but it didn't go with Officer Pinkson, and she was compelled to put up a \$10 cash bond for her appearance before the mayor Wednesday morning. Having failed to put in her appearance at the proper hour, the bond was forfeited and the city treasury enriched to that extent.

Leap from Bed Fatal.

St. Worth, Tex., Feb. 22.—Maggie Johnson, aged 19, was killed by jumping from bed while delirious from typhoid fever. She struck her head against a looking glass and bled to death from a wound before medical aid could reach her. The girl was an inmate of the Orphans' Home. Colonel J. W. Johnson, her father, was shot and killed in a quarrel here a year ago.

Agonizing Burns

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that is blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

WORK WAS SUSPENDED

On New Holy Trinity Church Building on Account Absence of Brick.

Owing to the failure of a carload of hard brick to be used in the construction of the new Holy Trinity Episcopal Church building to arrive, together with the inclemency of the weather, Contractor Robertson was compelled to temporarily suspend operations. The material arrived Wednesday, however, and the weather cleared; hence Mr. Robertson expects to resume work today.

In speaking of the building, the contractor stated that about four men had, under favorable conditions, would be required to complete it. When finished it will be one of the handsomest church edifices in the State, an ornament and a credit to the city and the congregation. The outside material being employed is the McCarrell stone, resembling granite. The stone is said to be very durable and will resist the weather for years.

Wm. H. and E. B. Josselyn's Congress of Nations and "Ben-Hur."

William H. and E. B. Josselyn have surely solved the problem in successful pictorial presentations. The word lecture is down and out, relegated to the past. Now all is changed. By the aid of their new machine and two operators they are enabled to present at each entertainment thirty-three distinct subjects and 815 actual photographic scenes in two hours and twenty-five minutes, which is the most gigantic pictorial production ever attempted, and each scene is the full size of the stage up to fifty-two feet long and thirty-five feet high, the full limit, which no man can pass. This is the only attraction of the kind in the world and every promise is fulfilled at the theater. The larger part of the scenes are elegantly colored and are the finest scenes the eye could wish for. This attraction, with every scene as promised, will be at Edwards' Opera House, Wednesday night, March 1st, including 109 scenes from the story and play of "Ben-Hur."

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

Snow Isolates Town.

Clarion, Pa., Feb. 22.—Clarion, Kane, Laurelsburg, Marienville and other towns in this vicinity are practically isolated on account of the deep snow, which has drifted badly. It has been 12 days since the Baltimore and Ohio railroad has operated any trains north of this place. The towns between here and Kane have received no mails for eight days, and then they had to send overland to get it.

TRIED TO BURN MAN ALIVE.

Soaked His Clothes With Oil and Then Applied a Match.

New York, Feb. 22.—A strange story of an attempt to burn him alive following a quarrel with a number of his fellow workmen was told by Max Spitz, of No. 563 East Thirty-fifth streets in the Morrisani police station.

Spitz, who is an employee of the New York Central railroad, staggered into the station in a condition bordering on collapse. His clothes were in tatters and his body showed the marks of frightful burns. Several spots on his face and hands showed where the skin had been burned through.

In a rambling, incoherent manner Spitz told the police how he had been deluged with oil by his angry fellow workers, who then set fire to his clothing. Spitz said he dimly remembered of running wildly out into the air and of rolling in the snow until the fire was extinguished, but of what followed he could tell but little.

WON'T PAY INTEREST IN GOLD.

The Chinese Indemnity Question is Not Settled.

New York, Feb. 22.—China's indemnity question is not yet settled, cables the Herald correspondent at Peking. The government agrees in October to pay in gold, but refused to pay the arbitrary rate of exchange and bankers' commission, except in silver. By the protocol China pays monthly, but is credited every six months. Interest at 4 per cent on the monthly payments in advance is now claimed. The Chinese admit that the deficit on January 1 varies from 9,500,000 to 9,600,000 taels, according to different accountants.

She proposes to pay 8,000,000 taels within 25 days with interest as from January 1 and to sign an agreement, this to cover all deficits.

Million Dollar Fire at Boston.

Boston, Feb. 22.—Large double piers Nos. 3 and 4, of the Hoosac Tunnel railroad, together with considerable valuable freight was completely destroyed by fire early today and the steamer Philadelphia, of the Furness-Leyland line, from which the crew fled so hastily that three were injured, was hauled into the stream with her upper works ablaze. The loss to the Boston and Maine Railroad company, the owners of the docks, is estimated at fully \$400,000, while the damage to the Philadelphia and the merchandise will probably bring the loss up to almost a million dollars.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford of Pooleville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy, for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup, and it always gives him prompt relief." For sale by all druggists.

Four Senators Expelled.

Sacramento, Cal., Feb. 22.—The special committee appointed to investigate charges of bribery made against Senators Emmons, Bunkers, Wright and French, made its report, recommending these members be expelled from the senate. The four senators were charged with demanding and accepting a bribe for protecting certain building and loan associations from investigation by the legislative committee on retrenchment and reform, of which they were members.

Turkey to Start Reforms.

Constantinople, Feb. 22.—The proposed increase in the Turkish customs duties has been accepted in principle by the governments of the six great powers on the condition that the revenue so received shall be devoted to carrying out the reforms. It is understood that Turkey in soliciting their assent to the increase undertook to accept the Austro-Russian scheme for reform of the finances of Macedonia.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

SIXTY YEARS' IMPRISONMENT.

Army Officer Gets Limit of Law for Making False Reports.

Manila, Feb. 22.—Major Carrington, who was convicted of falsifying vouchers of the civil government to the amount of \$1,500, was today sentenced to a term of 60 years and five days' imprisonment. He was tried on five separate counts and sentence on each charge was 12 years and 1 day.

Major Carrington practically made no defense, his attorneys simply raising technical points.

The case will be appealed to the supreme court of the islands, and if the decision there is adverse to the appellant, the major will appeal to the supreme court of the United States.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplet of Grigby, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by all druggists.

Augusta Woman Fatally Burned.

Augusta, Ga., Feb. 22.—Mrs. Lizzie Cason, aged 58, was fatally burned at her home here Sunday afternoon. After dinner she rested in front of the open fire and it is believed fell asleep. Her clothing was completely burned off and the entire body scorched with the exception of her head, which she protected with an apron. She was removed to the city hospital, where it is stated she cannot live.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for. Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE REDEMPTIONERS.

Miseries of Those Who Got Into Debt in Olden Times.

In Daniel De Foe's time debtors were frequently compelled in seeking means to extricate themselves from their embarrassments to consent to anything if they thereby could avoid the horrors of the debtors' prison. In many cases they took advantage of a custom that in one form or another had a sanction of antiquity, and being generally able-bodied men they placed themselves in the hands of some merchant or agent, who, having effected an arrangement with the creditors, took possession of the unfortunate debtors and, hurrying them to the nearest seaport, shipped them abroad, generally to Virginia or Maryland, as so much merchandise. Sometimes the dealer accompanied his cargo in order, if possible, to obtain a better price at the end of the voyage.

Arrived at their destination, the captives—to give them their real name—were sold to any planter whose offer would recoup the agent for the sum he had expended in purchase and transit and also allow him a handsome profit. By the terms of this sale the captive was bound to serve his new master for several years, his liberty being nominally secured at the end of that period, and from the hope of redemption and deliverance thus held out to him the term "redemptioner" came to be applied to these unfortunate.

But any hopes that the redemptioner might cherish of his ultimate liberation soon proved fallacious, and he found himself plunged into fresh embarrassments long before his period of servitude had expired.

Charges were made upon him for clothing, for tobacco, even for the necessities of life—charges which he had no means of meeting, however good his inclination—and too late he found that he had in fact become a slave, without money, without rights and without hope. Such friends as he had were in England and probably had forgotten him altogether. Perhaps if even they remembered him they were without the means of assisting him, and the chance of money reaching the individual for whom it was intended was in those days very small. Pacific railways and "ocean greyhounds" were unknown in the "good old times," and communication was slow and insecure.

Some of these redemptioners were of course more fortunate than others and had friends and connections more powerful and more kindly disposed, and such often ultimately attained their freedom. But these were the exceptions, and, generally speaking, the unhappy victim labored on from year to year, his "redemption" receding further and further into the distance till at last death put an end to his sufferings.—Chambers' Journal.

Hard on Art.

The storekeeper in a certain small country town was noted for his shrewdness and for his contempt of everything that was not strictly utilitarian. One of his pet aversions was a young fellow in the town who posed as an artist and once had taken some lessons in painting at the nearest large city. Finally, however, the old man was persuaded to put an "art department" in his store, not that he believed any more in art, but because he decided that if there were fools who wanted to spend their money on pictures and chromos, he might as well get it as any one else. The young painter heard of it and took down his latest production, hoping to find in Uncle Jonas a ready market for home talent.

"How much will you give me for it, Uncle Jonas?" he asked.

The old man squinted at it for a minute or two. "About \$1.75, I reckon," he said.

"But, Uncle Jonas," the artist protested, "the canvas cost more than that."

"I guess it did," said the old storekeeper, "but you must remember, my son, that it was clean then."

Three Kinds of Men.

Here is a classification of men expounded by a spinster in an article, "The Truth About Men." "Men as a whole," she says, "may be roughly divided into three distinct species—the bold, the shy and the tough." The first class includes "those self-assured males" who fall in and out of love with every other woman they meet; the second class is made up of "the world's good fellows who have a great reverence for all women and silently adore one for life without telling her so," and the third species "is concerned only with getting on and making money, is absolutely indifferent to women and marries only as a matter of expediency. The first of these are unhesitatingly condemned and find irresistible; the second we admire profoundly, praise without stint and ignore utterly; the third we dislike, despise and—marry."

Dear Things.

Miss Shugger—What a self-possessed woman Miss Pansy is! Miss Pepper—Yes, and I don't imagine she'd ever get a chance to dispose of the property.—Cleveland Leader.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.

Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self.

I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.

My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STEIN.

Male Shoppers Preferred.

"Saleswomen would rather wait upon ten men customers than one woman," said a floor manager of experience. "There is no question but men make the best and most agreeable shoppers. They know what they want, are easily suited and are not fussy. They have a genial way that makes them easier to satisfy than women are. Their manners are not so stiff."

"No man ever crushes a salesgirl with a haughty stare. Men seldom haggle over prices. They may easily be persuaded to buy a higher priced article if they have the money and you can convince them they are getting their money's worth. Men show good taste and judgment in buying articles they know little about. Their fondness for large sizes borders on the ridiculous sometimes. Shoes, gloves, shirts—they want them all with ample room."

"It is a pity most men seem to feel uncomfortable and out of place in a store. Persons who sell goods would like to see them oftener."—New York Press.

The Evolution of the Pen.

The patent office at Washington has a collection of pens that illustrates the difficulties with which men had to contend before they found a suitable instrument with which to write. There are the styluses used by the ancient, the instruments for writing on wax tablets, one end sharp like an awl, the other flat like a paper cutter. There are the brushes used by the Japanese and Chinese and quills of every variety, together with an infinite number of steel pens. But the most curious are some quill pens with steel points. They were made in an effort to do away with the constant necessity for the mending of the pen, a process that few could perform properly and that everybody hated. The effort was very ingenious, but unsuccessful, because the points could not be made to stay.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

ALACHUA COUNTY.

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, \$15,000 court house, five newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, peaches, and all kinds of vegetables.

Gainesville, the County Seat.

Has fourteen churches, two public schools, the East Florida Seminary, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two more factories, three railroads, two fertilizer manufacturing companies, one fiber manufacturing, one rectifying turpentine plants, two tanks, and well stocked stores supplying everything for the commercial line.

Michael Angelo's Work.

Michael Angelo relied almost entirely upon form—the form of the figure and of the draperies. He told Pope Julian II., when the latter requested him to paint the ceiling of the Sistine chapel at Rome, that he was not a painter, but a sculptor; yet, after he had shut himself up for four years—from 1508 to 1512—and the scaffold was removed, a result had been achieved which is without parallel in the world. Very wonderful is the work which Michael Angelo spread over this vast area of 10,000 square feet. The fact that there are 343 principal figures, many of colossal size, besides a great number of others introduced for decorative effect, and that the creator of this vast scheme was only thirty-three when he began his work—all this is marvelous, prodigious, and yet not so marvelous as the variety of expression in the figures of which Jeremiah is only one figure in a small side arch.—Charles H. Caffin in St. Nicholas.

The Cruelty of Pate de Foie Gras.

To eat pate de foie gras is luxury, but to prepare the delicacy for the table is prolonged torture—for the goose. The Humanitarian league of England has issued a pamphlet on the subject. "We behold," says an eyewitness, "innumerable geese in this torture chamber, bound fast to the table. They lie on their backs as if crucified. We watched how the women pressed some new victims against the tables so that the hinder parts should hang over the edge." Two months of torture for the goose are considered necessary before its liver is sufficiently diseased to be marketable. The fowls are fed to repletion with salted maize, and by this means the liver is increased to the abnormal weight of two or even three pounds. Strassburg and Toulouse are the chief places of manufacture and the trade amounts to several hundred thousand dollars annually.

A Formula For Marriage.

The Frankfurter Zeitung has discovered a formula for marriage. Nothing is more certain, it says, than that this formula is right. The question asked is what age should a man's bride be? The formula is: Let x be the man's age. Then $x+2+7$ =bride's age. For example, a man is 34; the half of his age is 17; then 17 plus 7 is 24. The bride's age should be 24. For a man of 34, therefore, the proper age for his wife is 24. Take the man of 60, $x=60$ $+2=62+7=69$. The man of 60 must marry a woman of 37. For the juvenile marriages of southern latitudes the formula is equally valid. The hot blooded Castilian, for example, of 18 wishes to marry. The formula says $x=18+2+7=27$. His wife should be 16 years old.

READ THIS.

Mobile, Ala., Dec. 24, 1890.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly,
W. B. CLARK.
M. & O. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by all druggists.

THE SILVER TEA.

Earnest Workers' Society Entertained in Most Royal Manner Wednesday.

The silver tea given by the Earnest Workers' Society of the Presbyterian Church, at the home of Col. and Mrs. H. A. Ford, 501 East Church street, yesterday afternoon, was a most enjoyable event. The musical and literary program consisted of piano selections by Misses Alice Thomas, Ella Eddins, Ruffia Wilson, soprano solo by Mrs. J. T. Percival, alto and tenor duet by Mrs. Elizabeth Smith and W. W. Ashley, recitations by Miss Myra McMillan and Miss Wimberley, all being well rendered. The pleasant home was tastefully trimmed with flags in honor of the birthday of the great General Washington, and each guest was presented with a small hatchet as a boutonniere souvenir of the day. The dainty refreshments were in keeping with other delightful arrangements of the committees in charge, and all present were made to feel at their ease.

Is Well Pleased.

Dr. Benj. R. Morrow of New York, brother of Col. A. P. Morrow, who, with his sweet little daughter, Miss Amy, has been here as the guest of his brother for the past few days, has become perfectly infatuated with Gainesville and its people. He declares the people here as a rule to be the most hospitable he has ever had the pleasure of meeting. Dr. Morrow complimented the city on its handsome residences and business buildings, its wide streets and beautiful shade trees, and says when he does find it necessary to return to his Northern home he will do so with a "bit of reluctance." The Doctor has made many friends here.

WACAHOTA HAPPENINGS.

Delightful Party at Home of Mr. and Mrs. Smith—Other Notes.

Wacahota, Feb. 22.—The orange trees in this section came through the recent cold waves uninjured; while a great many of the trees will drop their foliage, further than this there is little damage to the groves in this section. J. A. Bradshaw is supplying the home market with some very choice cabbage. Mr. Bradshaw is ever on the lookout for a good thing, and as he is the only man in this section that has cabbage ready for market, he is having a monopoly in this line.

Miss Florence Anderson, our efficient and popular teacher, will close a very successful term of school here in a few days, very much to the regret of both the patrons and pupils. Miss Anderson came here a stranger, but will leave a flattering record, and will take with her when she departs the love and good-will of all, and it is to be hoped that she will be assigned to this school another year.

Mr. and Mrs. J. W. May have returned from a trip to Alachua, where they spent a few days with their many friends and relatives.

There was a social gathering at the hospitable home of Mr. and Mrs. Chas. Smith on St. Valentine's day, which was highly enjoyed by all present. Social games and music were engaged in until eleven o'clock, when the dining room doors were thrown open and refreshments were announced. The table was richly decorated with ferns, evergreens and rare flowers, and groaning beneath the weight of sherbert, wine, lemonade and many kinds of cake too numerous to mention. The Valentines were afterwards read to the great amusement of all. The young men seemed to have vied with each other that their girl should receive the nicest, while some received by them were very comical. Everything was taken in good humor and fun, and at a late hour the party broke up, and the guests departed for their homes, each praising the hospitality of Mr. and Mrs. Smith and their charming and accomplished daughter, Miss Hassie.

Grover Swales spent a few days with friends and relatives here this week, and judging from the smile worn by Grover while here we will have him with us again soon.

THE NEWS FROM ARCHER.

Building Boom Has Struck the Town. Death of Aged Negro.

Archer, Feb. 22.—W. L. Jackson has completed a new building near the depot, and it is occupied by Mr. and Mrs. Millen of Cedar Key, as a boarding house and lunch room.

D. S. Taylor is building a wagon repair shop and in a short time Mr. Maddox will put in a foundry and machine shop. The new building and enterprise will be near the crossing of the S. A. L. and A. O. L. railway lines.

J. T. Fleming and son will begin the erection of a new store room about the first of March. This building will be nearer the depot than their old building.

Mrs. C. D. Wood, who has been dangerously ill, is slowly recovering. There has been a great deal of sickness in this section, mostly grippe.

Chas. Williams, an aged colored man, at one time a slave in the Fleming family, died Tuesday of old age.

Albert Hancock has returned to school at Lake City. He had to give up school for a while on account of his eyes.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

OVER 100 MINERS ARE BURIED ALIVE

Work of Rescues is Being Rapidly Pushed.

NO HOPE FOR ENTOMBED MEN

Unconfirmed Report Says Sixty Bodies Have Been Recovered—Comrades Work to Rescue Their Unfortunate Friends.

Virginia, Ala., Feb. 22.—Only two bodies have been recovered from the mine here which was closed by an explosion last afternoon, entombing 116 men. One is that of a white miner named John Brown, and the other a negro whose name is not known as yet.

The latest report from the Virginia mines is to the effect that three bodies have been recovered. All are blackened and disfigured, and give evidence of terrible a struggle which the unfortunate men had before giving up their lives.

Thousands of people were gathered about the mouth of the mine when the bodies were brought up and distressing scenes were witnessed when the bodies were identified.

The rescuers are still at work, and a late rumor says that no less than 50 dead bodies are in sight.

At noon practically no hope was held out of finding any of the entombed men alive.

The work of rescue is most difficult, owing to the prevalence of noxious gases.

Birmingham, Ala., Feb. 21.—A staff correspondent of the Birmingham News at Virginia mines telegraphs at 10 o'clock a. m. that only one body has been recovered from the mines.

The exact number of men who were in the mine is now placed at 116. The work of digging through to the entombed men is going on without cessation. Practically all hope has been abandoned.

Birmingham, Ala., Feb. 22.—By a "dust" explosion in the Virginia mines, 17 miles southwest of Birmingham, Monday afternoon at 4 o'clock, between 110 and 135 union miners, negroes and whites, are entombed 700 feet below the surface, and it is probable that none of them will live to tell the story of the disaster.

Scores of vigorous rescuers are at work digging into the mine to relieve their friends and comrades on the inside.

The explosion is believed to have been caused by an accumulation of dust, although the mine has heretofore been noted for being entirely free from dust. It is also believed that as the entire quota has probably been killed, the details of the cause of the disaster will never be known.

A telephone message from Bessemer, 6 miles from the scene of the disaster at Virginia mines, where about 150 men were entombed by an explosion late Monday afternoon, said that at 9:30 o'clock this morning an unconfirmed report had reached there that the rescuers had reached the interior of the mine and that 60 dead bodies had been found.

Whether this rumor is true or not, it is known that practically all hope of finding any of the imprisoned men still alive has been abandoned.

The rescuers during the night encountered much after-damp and many of them had to be taken to the surface and revived having been overcome by the fumes.

This leads the rescuers to believe that the entombed men could not possibly have lived this long in their dark underground habitation.

Hundreds of miners gathered at the Virginia mines during the night from all over the district to help in the rescue work, but only a limited number could be employed. However, as soon as one shift was tired or overcome by after-damp, another was ready to take their places and continue the work.

The state mine inspector, M. Gray, was on the scene all night directing the work.

J. D. Hillhouse, assistant state mine inspector for Alabama, stated today

that he could not understand such a catastrophe at Virginia mines, since they are well ventilated and have never been troubled with dust. He went to the mines early this morning to investigate the disaster officially.

President Ed Flynn, of the Alabama United Mines Workers, and National Committeeman W. R. Fairly, together with Joe Haller, district organizer, left for the scene to render whatever assistance they could in rescuing the and aiding the families of the unfortunates.

President Flynn said before leaving that there were 135 men employed in the mine regularly, but as Monday was pay day, he could not tell whether the full quota was in the mine at the time of the disaster or not.

MILES ASKED TO GIVE PROOF.

Mrs. Jefferson Davis Calls on Him for More than His Word.

Savannah, Ga., Feb. 22.—In a letter to the Savannah Press Mrs. Varie Jefferson Davis calls upon General Nelson A. Miles to present proof other than his own word that she at any time wrote to him thanking him for his treatment of Jefferson Davis, president of the confederacy, while he was held a prisoner at Ft. Monroe. She says in her letter to the Press:

"The public attention cannot be reflected from the terrible charges under which General Miles rests by a controversy over a letter, concerning even the existence of which no stronger proof is advanced than the bare assertion of General Miles.

"But in so far as it may be of any importance my estimate of General Miles' character is such that I am constrained to demand that the letter exists a photographic reproduction showing the date, the place of writing, the contents, and the signature be given to the public.

"If it is of the vital importance which General Miles seems to claim, surely the situation from his own standpoint suggests that the slight trouble involved would be justified."

CONVICTS MAKE BOGUS MONEY.

Complete Counterfeiting Outfit Found in Virginia Penitentiary.

Richmond, Va., Feb. 22.—A counterfeiting outfit, operated by convicts, has been found in a cell at the state penitentiary. With the find was a number of spurious coins, mostly 10 and 25-cent pieces. The find was made by officers of the penitentiary.

Walter Turpin, a white convict, is said to have been connected with the gang, and it is believed that two others were associated with him, one of them a life man.

The coins are perfect as to size, figures, milling and thickness, but feel a little "greasy" and are lacking in weight. It was discovered on investigation that the men implicated in the counterfeiting had been using a considerable quantity of canned goods, and that they melted the tin and the lead from the cans, and in this way got most of the metal they used. Some of the lead used in the shoe shop was also smuggled into them.

CHARGED WITH ROBBING BANK.

Men Who Robbed Bank and Killed the Cashier Are Captured.

Salt Lake, Utah, Feb. 22.—A special from Vernal, Utah, says:

Albert T. Caldwell and David Fraughton, who are held in jail here on a charge of grand larceny, were identified as the city bank robbers, for whom there is a reward of \$5,000.

Sheriff Horton, of Carbon county, Wyoming, has arrived here with W. L. Wallis, who was an eye-witness to the killing of the bank cashier. Wallis positively identified Caldwell as the man who did the shooting and Fraughton as his accomplice.

Both men deny that they are the Cody robbers and state that they are willing to go back to stand trial.

Old Wisconsin Citizen Dead.

Trimble, Wis., Feb. 22.—Anthony Huddleston, aged 161, the first white settler in Pierce county, is dead at the home of his grandson near here. Mr. Huddleston was born in Virginia, and was a direct descendant of the family of which Daniel Boone was a member. His youngest child is 52 years of age, and his oldest 75.

THE CHAUTAUQUA WILL BE SUPERB

Second Annual Session to Begin Wednesday, March 1.

A FINE PROGRAM ARRANGED

It Comprises a Number of the Most Distinguished People in Their Respective Professions—Sam Jones to Make Opening Lecture.

The second annual session of the Gainesville Chautauqua will begin at the Tabernacle on Wednesday, March 1st, and this event is being anticipated with a great deal of interest by the thousands who attended the first session and expect to attend again this season.

The program is one of the strongest of its kind ever presented in the South, exceeding in many numbers that of last year. For the information of the public the program is published, as follows:

Wednesday, March 1st.—2:00 p. m., Opening of the second annual session of the Gainesville Chautauqua. Words of welcome from Dr. Clarence B. Strouse, Dr. W. E. Blackstone and others; 2:30 p. m., Lecture, "This, That and the Other," by Rev. Sam P. Jones of Cartersville, Ga., the greatest on the American platform and the only one; 7:45 p. m., Violin solos, Miss Charlotte Cooke, Minneapolis, Minn.; 8:00 p. m., Grand entertainment, "Life in Palestine," Miss Florence Ben-Oliel, Ann Arbor, Mich., assisted by thirty persons in picturesque and accurate costumes of the Far East.

Friday, March 10.—10:30 a. m., Bible lecture; 2:30 p. m., Lecture, "An Age of Men," Rev. Caleb A. Ridley; 9:00 p. m., a delightful surprise.

Saturday, March 11.—2:30 p. m., Lecture, "The Man and the Crowd," Rev. Geo. E. Farrar; 8:00 p. m., Abel's Concert Orchestra, presenting one of the finest orchestras in the country. A great program will be given. Great musicians with a celebrated lady soloist. This is one of the greatest treats of the program.

Sunday, March 12.—2:30 p. m., Vesper service; 8:00 p. m., Sermon.

Monday, March 13.—2:30 p. m., Lecture-recital, "Readings From Some Southern Authors," Rev. Geo. E. Farrar; 8:00 p. m., to be announced, arrangements pending.

Tuesday, March 14.—2:30 p. m., "Wireless Telegraphy" and "Radium," illustrated by the finest apparatus carried by any lecturer, accompanied by multitudes of marvelous experiments, Prof. W. B. Patty, Chicago, Ill.; 8:00 p. m., Lecture, "Liquid Air," one of the greatest discoveries of modern times. The most expensive lecture known to the platform. Startling and beautiful in the extreme. Prof. W. B. Patty, Chicago.

A number of other good things pending, to be added later.

This is one of the greatest programs ever given in the South.

WACAHOTA HAPPENINGS.

Delightful Party at Home of Mr. and Mrs. Smith—Other Notes.

Wacahota, Feb. 22.—The orange trees in this section came through the recent cold waves uninjured; while a great many of the trees will drop their foliage, further than this there is little damage to the groves in this section.

J. A. Bradshaw is supplying the home market with some very choice cabbage. Mr. Bradshaw is ever on the lookout for a good thing, and as he is the only man in this section that has cabbage ready for market, he is having a monopoly in this line.

Miss Florence Anderson, our efficient and popular teacher, will close a very successful term of school here in a few days, very much to the regret of both the patrons and pupils. Miss Anderson came here a stranger, but will leave a flattering record, and will take with her when she departs the love and good-will of all, and it is to be hoped that she will be assigned to this school another year.

Mr. and Mrs. J. W. May have returned from a trip to Alachua, where they spent a few days with their many friends and relatives.

There was a social gathering at the hospitable home of Mr. and Mrs. Chas. Smith on St. Valentine's day, which was highly enjoyed by all present. Social games and music were engaged in until eleven o'clock, when the dining room doors were thrown open and refreshments were announced. The table was richly decorated with ferns, evergreens and rare flowers, and glowing beneath the weight of sherbert, wine, lemonade and many kinds of cake too numerous to mention. The Valentines were afterwards read to the great amusement of all. The young men seemed to have vied with each other that their girl should receive the nicest, while some received by them were very comical. Everything was taken in good humor and fun, and at a late hour the party broke up, and the guests departed for their homes, each praising the hospitality of Mr. and Mrs. Smith and their charming and accomplished daughter, Miss Hassie.

Grover Swales spent a few days with friends and relatives here this week, and judging from the smiles worn by Grover while here we will have him with us again soon.

Revival at Micanopy.

The people of Micanopy are participating in a revival or protracted meeting at the Baptist church. The meetings, which began Monday, are being conducted by Revs. Holzner of the Micanopy Baptist church and S. B. Rogers of this city. The meetings are said to be largely attended, and much good will no doubt be accomplished.

MORE WILL FOLLOW DECLARES ASSASSIN

Man Who Killed Grand Duke Makes Statement.

OTHERS ARE DOOMED TO PERISH

Claim is Made that the Czar is a Tool in the Hands of His Relatives. Grand Duke Paul's Rank Restored to Him by Czar.

Moscow, Feb. 22.—The assassin of Grand Duke Sergius maintains an attitude of profound indifference.

When pressed to reply to questions he declared that all the efforts of the authorities would have no result. Before his victim was laid under earth other victims would be found. Regarding his motives the assassin said he only acted in the interests of oppressed people. He considered his deed was an act of duty. The grand dukes had for years violated every canon of ordinary decency and ruined the country while exploiting the weak will of the emperor for their own ends. They had made him a tyrant so that the people hate him. He was aware that the emperor was an innocent dupe and his party had decided to deliver the emperor from the evil influences surrounding him in the hope that he some day would join in the movement and become the head of a national government based on western lines.

Neither the police nor the spies, the assassin said, will be able to protect those who are doomed to death.

Grand Duke's Rank Restored.

St. Petersburg, Feb. 22.—It is officially announced that Grand Duke Paul has been re-admitted to the Russian army with his former rank of lieutenant general and aide-de-camp general.

Eydtkuhnen, Prussia, Feb. 22.—Grand Duke Paul proceeded to St. Petersburg alone, no permission having been received for the grand duchess, his morganatic wife, to cross the Russian frontier. She left here today, returning probably to Paris.

Caucasia Town Panic Stricken.

Baku, Caucasasia, Feb. 22.—The town is panic stricken, the banks are closed and business is suspended as a result of yesterday's disturbances and the numerous attacks of armed Musulmans on Armenians, which have been going on since Sunday in various quarters of Baku. The attacks are attributed to racial animity.

General Stoessels in Crimes.

Kaffa, Crimea, Feb. 22.—Lieutenant General Stoessels, the former commander at Port Arthur, arrived here today.

Little News from War.

Tokio, Feb. 21.—Noon.—Field Marshal Oyama reporting today says that a small infantry attack was made on Fang mountain on Feb. 20. The Russians shelled Lapatal on the night of Feb. 19 using heavy guns.

Third Squadron in Danish Waters.

Frederickshaven, Denmark, Feb. 22.—The third Pacific Russian squadron anchored today in Skagen bay and is coaling. The squadron has been joined by some other units and now consists of five armclads, an auxiliary cruiser, a gunboat and three transports.

Alabama Man Dies Suddenly.

Tallapoosa, Ala., Feb. 22.—H. O. Lawson has died suddenly in the Hotel Central here. At the autopsy held by the coroner, at which Dr. W. M. Brock and Dr. A. B. Cole were present, it was determined that the cause of death was a rupture of the heart, in consequence of a fatty degeneration of that organ. Mr. Lawson arrived here from Birmingham, Ala., to embark in a business partnership with F. F. Taylor, in real estate and loans.

Stevedores Strike at Havana.

Havana, Feb. 22.—The harbor tie-up is more general today. Only a few stevedores are working.

SUNDAY WAS BIG DAY AMONG GOD'S PEOPLE

Florida Winter Bible Conference
Closes Successful Session.

SERVICES AT THE CHURCHES

Pulpits of the Methodist and Baptist Churches Filled by Visiting Ministers and Sermons Were Very Fine—Two Services at the Tabernacle.

Sunday was the greatest day religiously that Gainesville has ever known. The spirit of the Bible Conference pervades every home. The great number of strangers have added to the religious interest. The executive committee of the Conference acknowledged that more had been accomplished in two years than they expected possible in five years.

Dr. J. F. McKinstry, Jr., spoke at the evening service for a few moments on behalf of the executive committee. He spoke of the great work accomplished by the Conference, not only in its moral and religious effect, but in its great benefit to the financial interests of the city. He said that property had advanced in the past two years 30 per cent. The most expensive houses in the city have been erected and more than twenty are now under construction. His praise of Dr. Strouse and his noble work met a hearty response from the great audience. He said that if the city ever erected a monument it should be to Dr. Strouse.

At the Churches.

Sunday morning the pulpits of the city were filled by the Conference speakers. Dr. William Lunsford preached a strong sermon on "The Power of Prayer" at the Methodist church. Dr. Lunsford has been one of the most attractive speakers at the Conference and is a deep, spiritual teacher of the Word of God. The Rev. D. Sullins, D. D., L. L. D., filled the Baptist pulpit. He preached on "Triumphant Grace." From all accounts, the highest tide of the Conference was reached at this service.

Dr. Blackstone's Talk.

In the afternoon quite a large crowd gathered at the auditorium. After an enthusiastic song service and an impressive solo by Mrs. Lunsford, and prayer, Dr. Blackstone delivered the lecture of the hour. He took for his theme, "The Word," Isaiah 66:2: "But to this man will I look, even to him that is poor and a contrite spirit, and trembleth at my word." He said: "It is the Bible that has given us our hope; it is the Bible that has drawn us here this afternoon; it is the Bible that has been the theme of our study and contemplation during the past two weeks. In our text it speaks of a man that is poor, of a contrite spirit, and that trembleth. Humility is one of the very first conditions to a proper approach to the Word of God. There is a great difference between humility and diffidence. The man or woman that says they cannot speak for God or cannot witness for Jesus is diffident and not humble. Diffidence is born of pride; humility comes from the very throne of God. Note it is the Word of God, and not simply the word of Moses, or Isaiah, or Paul. Such expressions as 'This is the Word of the Lord,' 'The Lord spake and said,' etc., occur 3,808 times in the Bible. The Bible is composed of sixty-six books, written by forty-two different writers, and yet there is such a marvelous unity in the whole that you can take proof texts from almost every book in the Bible for any of its great subjects. Suppose that a sculptor in Norway should carve from a block of marble a beautiful hand, and another sculptor in Italy should carve a head, and another in France a foot, and so on throughout forty-two different places in Europe parts of a statue should be prepared, and when all were brought together should unite in one perfect and symmetrical statue, would we say that these forty-two sculptors had acted on their own initiative? No, indeed! We would at once conclude that one supervising sculptor had directed each in the part they had formed. Just so we conclude that holy men of God have written the Bible as they were moved by the real author, the Holy Ghost."

Dr. Blackstone showed the superiority of the Bible to any of the other books of the great religions of the world. It begins with the prophecy that "The seed of the woman should bruise the serpent's head." Abraham was told that his seed should be evilly entreated in a strange land 430 years, and in Ex. 12:41 it is recorded that

they came out on the self-same day. The Bible prophesies the rise and destruction of nations—Moab, Edom, Assyria, Babylon and others are notable incidents. Twenty-five different prophecies were literally fulfilled on the day of crucifixion—like "Riding on a colt," Zech. 9:9; the cry on the cross, "My God, My God!" Psa. 22:1. And lest the skeptic should say there was collusion, we have the "Gall and vinegar," Psa. 69:21; the "Reviling and wagging of heads," Psa. 109:25; the "Parting of garments," Psa. 22:18, in which His own enemies literally fulfilled the Scriptures. And, as if to forestall every objector and critic, we have the thirty pieces of silver and the purchase of the potter's field, in which the chief priests and elders themselves so marvelously fulfilled the words of their own prophet, Zech. 11:12, 13. This same Bible tells of a future restoration of Israel, of the destruction of all Gentile government, of a return of Jesus, and a literal Millennial reign for a thousand years. "And, Oh, what a comfort are the assured promises of this blessed Bible to those who have accepted God's free salvation provided in the atonement of Jesus. May we all go home from this Bible Conference with a better knowledge of the richest of God's grace and a deeper love for this wonderful letter from heaven, our Mother's Bible."

Dr. Strouse's Sermon.

The closing service in the evening was conducted by Dr. Clarence B. Strouse, the much beloved president of the Conference. As was expected when he was announced to speak, the greatest audience assembled during the Conference was present.

After a beautiful solo by Mrs. Munford and the short talk by Dr. J. F. McKinstry, Dr. Strouse rose to speak. He is undoubtedly a master of assemblies. Before he had spoken three minutes, he had the riveted attention of the vast audience. He took for his theme, "The Dulling of Moral Responsibility." The congregation was so absorbed from the very first sentence that they found themselves at the wonderful ending without a note. It was a most powerful and convicting address. No other of the kind has been given. It was an appeal to act upon the wonderful truths of God as they were realized.

At the close of the sermon, the meeting was given an evangelistic turn, and the most remarkable scene ever witnessed in this city occurred. More than one hundred came forward, filling all the space at the altar and before the platform, nearly everyone of whom accepted Christ as a personal Saviour. This wonderful service was the seal of God upon the great work of the Bible Conference.

Mrs. Strouse sang a very beautiful solo at the after-service.

The Christian Workers' Institute opens Tuesday afternoon, and the Florida Winter Chautauqua will be opened by Rev. Sam P. Jones, March 1st. The strongest program ever given in Florida is announced.

The program of the Christian Workers' Institute will begin this afternoon at 3 o'clock with a lecture by Miss Cartwright, a great Bible student of Tennessee. There will be only one service each day during the present week, 3 p. m., to which a cordial invitation is extended to the public.

Fatal Boiler Explosion.

Wheeling, W. Va., Feb. 21.—A report of an explosion in Providence, near St. Clairsville, O., states that several people were killed and many hurt. A 25-horse power boiler exploded, wrecking the boiler and engine house. Twelve persons were injured. Two have since died and three are said to have been fatally hurt.

CHRISTIAN WORKERS' OPENING PROGRAM

First Lecture Delivered by Miss Cartwright Tuesday.

THE TALK WAS A FINE ONE

Tabernacle Was Well Filled, and Those Who Attended Were Very Much Enlightened on Many Religious Subjects—Services This Week.

The first day's session of the great Christian Workers' Institute, which followed the session of the Bible Conference at the Tabernacle, was one full of interest, and was well attended, despite the inclement weather. While the services of the Institute will not be so frequent as those of the Bible Conference, they are destined to become most popular, as the class of Bible workers will be the best that can be procured in the United States, which means that the lectures will be full of instruction and interest.

The first lecture of the Christian Workers' Institute was delivered at the Tabernacle Tuesday afternoon at 3 o'clock, and was largely attended. Upon this occasion Miss Cartwright, an earnest Christian worker and Bible student of Tennessee, delivered the address, and for an hour her remarks commanded the closest attention. Miss Cartwright is possessed of a strong, eloquent voice, which can be distinctly heard from all parts of the big tabernacle, and those present Tuesday express themselves as being enlightened by her remarks.

As was announced from the Tabernacle rostrum by Dr. Strouse Sunday evening, services during the present week will be held only once daily, at 3 o'clock in the afternoon, which will give all an opportunity to attend. The public is cordially invited to all services.

\$150,000 Fire at Tyler, Tex.

Dallas, Tex., Feb. 21.—A special from Tyler, Tex., says that a disastrous fire raged there at an early hour Sunday morning. Seven business houses were consumed, entailing a loss estimated at \$150,000. The insurance totals \$85,000.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerably for an old man, 84½ years old."

H. D. McGILL, Frost, Ohio.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

GAINESVILLE GETS INCREASE OF \$15,000

This Insures \$50,000 for Construction of Public Building.

MORE MONEY IS NEEDED

For Such a Building as the Officials and People Desire, and Senator Tallaferra Will be Appealed to To Work for Increase.

Senator H. H. McCreary, Dr. J. F. McKinstry, Jr., Hon. Henry S. Chubb, receiver of the United States land office, and officials of the Gainesville Board of Trade have received letters from Hon. Robert W. Davis, member of Congress, giving the very welcome information that the omnibus public building bill contained an item of \$15,000 increased appropriation for the Gainesville public building.

It was Congressman Davis who introduced in the House of Representatives a bill carrying \$50,000 increased appropriation, which was recommended by the Secretary of the Treasury. When the bill was finally considered by the committee the government architect intimated that \$15,000 additional would complete the public building, making it a two-story structure, with sufficient space to accommodate the postoffice and the United States land office. This last appropriation will make a total of \$50,000.

The people of Gainesville and Alachua county are under greatly renewed obligations to Congressman Davis for his earnest and loyal work which he has performed in the interests of these people. The people of Gainesville can also see the value of a good, live board of trade, for when the matter of increased appropriation was discussed the Gainesville Board of Trade called a special meeting and by a unanimous vote sent a special representative in the person of Col. Chubb to Washington to consult with the Senators and Congressmen and co-operate with them.

When the bill goes to the Senate, the people do not doubt that Senator Tallaferra will, through his earnest work and influence, increase this appropriation largely, as it is well known our Junior Senator is one of the most influential representatives in the South, and is ever vigilant in the interests of his constituents.

Senator McCreary, Dr. McKinstry and others will take up the matter with Senator Tallaferra, asking for his hearty support of the measure.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. Jehn A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

IN THE MAYOR'S COURT.

Moses Bryant, Slashed by William Bell, Had to Pay the Costs.

"It's hard to be carved up by a nigger nigger and made ter lie up in bed fer more'n a week, but it's harder still ter have ter pay de cos," remarked Moses Bryant Monday morning, when he walked away from the mayor's court after having compromised a case upon the payment of \$6.75 and costs, aggregating \$10, in which he got considerably the worse.

It will be remembered that William Bell and Moses Bryant a few days ago became involved in a difficulty, the bone of contention being, apparently, William's wife. William concluded that Moses was "hanging around" his home and his family too much, and when he went to his home and found Bryant there he ordered him to leave. An altercation followed in which Bryant was carried to such an extent he was compelled to go to bed. The evidence went to show that Bryant was not exactly in the right. Hence the fine.

John Walker, for being drunk, was fined \$2.50 and costs.

A HEALTHY OLD AGE OFTENTHEBESTPARTOFLIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. Mary Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes:

"I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

FAREWELL SERMON.

Delivered by Rev. Joseph Sherouse to K. of P's on Sunday.

On Sunday evening Rev. Joe Sherouse, pastor of the Advent Christian Church in this city, delivered his farewell address to his congregation, previous to his departure for Jacksonville, where he has accepted a call.

The occasion being the 41st anniversary of the founding of the order of Knights of Pythias, upwards of 40 of the fraters responded to an invitation to be present and listen to an address on "Pythianism," which was of interest to those not members of the order equally as well as the most active fraternal worker. Being an enthusiastic Knight and well posted in all the teachings, the speaker was able to talk most interestingly, and taking the motto, "Friendship, Charity and Benevolence," he gave the true meaning of each word as applied to the order. His illustration of the word Charity, showed that the interpretation should not be put upon it as meaning giving of alms, but having charity for the shortcomings of your fellow-men. He said the Knights of Pythias started in Washington, D. C., in 1864, with about half a dozen members, it now numbering 600,000 members in the United States and Canada.

At the conclusion of his remarks Rev. Sherouse said that as he expected to leave for Jacksonville early Monday morning, he would step in front of the altar and shake hands with all who desired. All present, including the Knights, improved the opportunity, and Marcus Endel, on behalf of Mount Vernon Lodge, extended the best wishes of every member to the departing brother, in a few well chosen words. The scene was very touching and showed in what high esteem the brother is held in Gainesville.

Besides the Knights of Pythias, Bro. Sherouse has many friends in the Odd Fellows' Order and the membership of the church—who dislike to part with him, and all unite with The Sun in wishing him a hearty Godspeed in his new field of labor.

ARTHUR VOYLE MARRIED.

Was Wedded Friday Evening to Miss Lillie McDonald of DeLand.

The numerous friends of Arthur Voyle, who has been attending Stetson University at DeLand, will no doubt be surprised to learn of his marriage, which occurred Friday evening of the past week.

Mr. Voyle was married to Miss Lillie McDonald, an accomplished young lady of DeLand, and one of the social favorites of that place. They arrived in this city Sunday afternoon on a brief visit to Mr. and Mrs. E. E. Voyle, parents of the groom, and after their visit here will return to DeLand, their future home.

The Sun, with other friends, will congratulate Mr. Voyle upon receiving such an accomplished bride, and wish for the happy pair a long and happy wedded life.

GAINESVILLE PUBLIC SCHOOL.

Several New Pupils Recently Enrolled—Good Work Accomplished.

Notwithstanding that the term is well advanced, the Gainesville Graded and High School continues to enroll new pupils and the enrollment is increasing almost daily.

There has been a number of enrollments within the past few days, among whom were Eddie and Ethel Butler of Waldo, Miss Lois Mikell of Yular, Frank Walker of Bell, Sam Ward of Brooker. The latter is a brother of Bloxham Ward, now attending West Point Military Academy, and who will graduate in June of the present year.

The enrollment for the week ending Friday was 400, with an average attendance of 80 per cent. This is indeed a compliment to Principal Keilum and his able corps of assistants, and which is duly appreciated.

WILL GIVE MINSTREL.

Gainesville Guards Will Put On a Good Show at an Early Date.

Two years ago the Gainesville Guards put on a minstrel show in this city which would have done credit to many professionals. They also visited Micanopy, Waldo and other points, gaining a reputation of which they might well feel proud.

The Guards have decided to give another minstrel show at no very distant date. There is in the rank and file of the company some of the best musical talent in the State, and with the assistance of other talent from the Seminary, it is anticipated that a first-class exhibition can be given.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Those who have no idea of the people that come to Florida will be surprised to learn that forty passenger trains arrive, and forty depart from Jacksonville daily, and they are generally well loaded.

The Woman's Christian Temperance Union has presented both the old and new "soaks" of Gainesville, Florida, with a drinking fountain.—Apalachicola Times. (Come over, brother, and astonish your stomach with a drink of the best water in the State.)

Private fortunes have increased so wonderfully in the last ten years that the rich man of a decade ago is in only moderate circumstances today, judging his fortune by the present standard, but the number of millionaires willing to be assessed as such declines each year. In a year or so we may expect to be without a millionaire in the country at assessment time.

FOR THE SCHOOLS.

In an editorial comment The Daily Capitol of Tallahassee pays the following compliment to the high officials of our State schools, who are well known in Gainesville, having resided here for several years, and labored in the school work here most zealously:

"It is a source of much pleasure to note the handsome manner in which Florida's new State Superintendent of Public Instruction, Hon. W. M. Holloway, is measuring up to the important requirements of his office. Mr. Holloway and his very capable assistants, Mr. McIntosh and Miss Hampton, are proceeding like veterans in the execution of the department work and it is already clear that the educational interests of the State have been placed in hands which will work for and attain intelligent progress and healthy development of the public school system."

The schools of Florida are the foundation of its substantial growth, and to those who give their lives to this work the highest praise is due. The only feature about this branch of the State's advancement that is to be deplored is the meagre salaries paid those who devote themselves to the work of teaching. Besides possessing a sound body and mind, those who would become teachers must devote years of study and acquirement to their profession.

After at least a dozen years of application to fit themselves for teaching, it seems a very discouraging outlook to be compelled to start out at a salary that would cause a day laborer to go on a strike, yet such is the fact in many instances, and it would seem that some method might be employed in localities where the schools are small to have them centralized and thus increase the pay of the teachers by lessening the number of schools.

THE COTTON CROP.

The future of cotton, which seems to be causing much newspaper talk at the present time, will not be solved so long as cotton raising is as profitable as it is at present, unless the conclusion reached is that there will be no restriction in the amount raised. With a lower price will come improvements in its cultivation, which will make the yield larger, so it still can be produced at less cost.

Perhaps there may be a change in the labor employed, as the importation of foreigners would have some effect on the work. In the large gardens of the North the Polanders furnish much of the labor, and although many of them might wish to own small farms of their own, when employed for large concerns they make most excellent hands, being ambitious to earn all they can, in the hope that they may lay by something for the future.

With the cheap price for lands in many parts of the South, and half the cost of living that these thrifty foreigners have to pay out in the North, their frugal methods will soon bring them in possession of comfortable homes, and they will be able to produce cotton, as well as other crops, as cheaply as in any other portion of the world.

KANSAS OIL.

Bleeding Kansas is now trying to put up a fight against the Standard Oil Company. In a battle with those magnates Kansas will cut but a small figure. There never has been a successful opposition against this mighty organization. President Roosevelt may order an investigation by the bureau of corporations, but the Standard Oil Company now knows exactly what it will amount to as well as it will at the conclusion of a long investigation.

But whether Kansas profits directly or not, the investigation promises to be well worth the effort. The incident is valuable as illustrating the trend of sentiment and showing how corporate greed and disregard for the rights of the public are forcing the nation to adopt policies for its own protection that would under fair treatment never be advocated, and which promise in time to encompass the downfall of those who now conduct their affairs with a high hand, unless there comes a marked change in their attitude in the meantime.

One of the lowest specimens of humanity—and there is a question as to his being human—has been bounced from the Jacksonville fire department. We refer to Croft, the viper who swore he had been on intimate terms with May Brown, the unfortunate girl killed by her betrayer last week. Both Croft and Leadholts should be despised by all.

MULE VS. AUTOMOBILE.

Up in Missouri, where the mule is held in high esteem, they are of the opinion that the automobile should take a back seat and allow the mule to come to the front. A postmaster in that State, in speaking of the rural mail delivery, says:

"The more Missouri sees of the automobile the more it likes the mule. The Missouri bird of paradise will go where no auto would dare to tread. He will haul you over fifty-three clay hills on time or kick holes through them and go under. Nothing will discourage a mule. You never have to stop and fix him. You don't have to take a monkey-wrench and a kit of burglar tools along. A good stout club is the only instrument that he has any respect for. There's no danger of his blowing up. Difficult roads only inspire him to greater efforts. After colliding with a tree or a brick house the auto is sent to the junk house, but the mule is only brighter and gayer and stronger after each collision; it's the thing that he runs up against that goes to the scrap pile. A mule eats more than an automobile but he gives greater results. Stick to the mule."

But the Missouri postmaster evidently don't know so much about the automobile, or he would not say "a mule eats more than an automobile." If he had ever fed an auto, he would learn that some of them consume quite an amount of the "Standard Oil Company" product for every mile they make.

OUR BEEF.

The death blow which the United States supreme court was said to have dealt the beef trust about three weeks ago has not had the effect to make its influence felt to any great extent among those who have had to face the bills of the meat dealers since. There is no apparent relaxation on the part of the trust and the people are left to work out their own salvation the same as though the matter had never been taken into the court.

The people of Florida, however, do not have to submit to the demands of the trust, for each year the advance in beef production in this State makes the people more independent, and if the beef from outside was entirely cut out we would soon be able to produce a sufficient quantity for home consumption, regardless of any outside assistance for its production.

WILL ELECT A SUCCESSOR.

On Monday, February 20, Governor Broward issued a proclamation calling for a special election to be held in Marion and Sumter counties on Tuesday, March 21st, to elect a State Senator in place of Hon. C. M. Brown, whom the proclamation claims has caused a vacancy in that office by his removal from the district.

There has been considerable discussion on this subject for some time, and the law has been quoted in regard to who should decide in regard to the eligibility of those entitled to seats in the Senate; but the Governor stepped in and settled the matter himself, and the Hon. C. M. Brown will have no voice in the matter as to where he resides.

James O. Davidson, lieutenant-governor of Wisconsin, who succeeds to the governorship by the election of Governor LaFollette to the Senate, came to this country from Norway when 18 years of age. He has worked his own way to the front by his steadfast purpose, and his name on the Republican ticket did much to pull LaFollette through. He was State treasurer before being elected lieutenant-governor, and arose from a penniless boy to his high position. Mrs. Davidson and youngest daughter, Grace, spent the winter of 1902-3 in Gainesville, and they have many friends who extend congratulations.

The biennial report of the superintendent and board of trustees of the Florida School for the Blind, Deaf and Dumb, for the fiscal term, has been received, and it is most satisfactory regarding that well conducted institution. It is nicely located at St. Augustine, and all who visit that city should not fail to call and see the work being done for these wards of the State.

Statistics show that \$10,000,000 was embargoed in the United States during 1904, according to a statement recently compiled by the Fidelity and Casualty Company of New York City.

A Kansas City judge says the marriage relation is a joke. It will be hard to make some men believe that.

THE CASTORIA COMPANY, NEW YORK CITY.

The pamphlet issued by Hon. B. E. McLin, Commissioner of Agriculture, giving a description of Florida and her resources, should be circulated all over the United States. There are thousands of people who are not aware of the resources of Florida, who are looking for a location, and after reading this pamphlet would no doubt come here and investigate the situation. And once they get the Florida sand in their shoes, they will never stay away.

When the commander of the German cruiser entered the port at Savannah, he was greeted by the mayor and high officials of the city and the government attaches. After a time the commander inquired for the collector of the port. When informed he was a gen'l man of color, there was no further inquiry. But Theodore is so odd.

Irritation

of the throat, sore and swollen tonsils, loss of voice, and other throat troubles should never be neglected. These ailments quickly work down to the lungs, and often end in consumption or pneumonia.

HAMLINS WIZARD OIL

used as a gargle, and externally on the throat, is a marvelous remedy for these painful and dangerous disorders, and effects relief and cure after everything else has failed.

Says Henry Wade, of Harlin, Mo.: "I am under obligations to you for the great good which Hamlins Wizard Oil did my wife. She suffered from Throat Trouble for a year, and though she doctor and doctored, nothing did her any good, until she tried Hamlins Wizard Oil." Price 50c and \$1.00.

Administrator.

Many young men miss their chance to rise in the world because they are not ready for the next step up when the opportunity comes. As long as we are satisfied with just enough knowledge or skill to perform the work in hand, we shall never rise any higher. Those who have fitted themselves for a sphere of larger usefulness by diligent study and careful preparation usually get the opportunity sooner or later.

The First Game of Baseball of
the Season

WON BY SEMINARY BALL TEAM

A Fine Game Witnessed by An Enthusiastic Crowd—The Seminary Battery Does Good Work—Lake City Team Play Good Ball.

The first game of baseball of the season was played on the home grounds Wednesday afternoon between the Florida University team of Lake City and the East Florida Seminary nine, a large and enthusiastic crowd being present. Game was called at 3 o'clock with the home team at bat, and resulted in the Seminary boys making a score, while the Lake City boys failed to get a man over the home plate.

In the second inning the home boys scored another, the visitors being shut out again, but in the third the visitors reversed the order, and by hard work got one run to their credit.

In the fourth the Seminary boys got another brace of runs on one hit, the visitors getting blanked. In the first half of the fifth the home team made one, and Lake City came up and got two over the home plate. With one out Harry Harmon, the Seminary pitcher, showed his nerve and settled down to his work, striking out two men with the bases filled. It was pretty work.

In the sixth the Seminary scored two runs on one two-bagger and two singles, the Lake City boys getting in two runs. The Seminary boys got two in their half of the seventh, which ended the run-getting, the score by innings being as follows:

Seminary.....1 1 0 2 1 2 2 0 0—9
University.....0 0 1 0 2 2 0 0 0—5

Hits off Harmon, 5; Lake City, 8. Errors—E. F. S., 6; University, 7. Bases on balls, 4 each.

Batteries: University—Willis, Post Fine and Dowling. Seminary—Harmon and Thomas. Umpire, Harvey Hutchinson.

JOTTINGS FROM JUDSON.

Farmers Preparing Land for Spring Planting—Other Notes.

Judson, Feb. 21.—Mark Jones, the chief clerk of Ira J. Carter of Newberry, was married to Miss Lou Swilley of Judson yesterday. The ceremony was performed by Ira L. Carter, notary public. They departed immediately after dinner for Newberry, where they expect to make their future home. Mr. Jones is a good, moral young man, and well thought of by everybody. The bride is a most distinguished young lady, the daughter of Mr. and Mrs. F. N. Swilley. We wish them a long and happy life.

Mrs. L. R. Weeks, who has been sick for seven or eight weeks, and who has been staying in Newberry for two or three weeks, has returned home with her health very much improved.

Mrs. Ann Dudley, who has been living with her brother, R. P. Miller of Jonesville, has moved here, where she expects to make her home for the present.

The farmers have about got their land plowed up ready to plant as soon as spring arrives. Some of them will cut down their cotton crop to about one-half of what it was last year, as they have not sold their last year's crop yet.

Funeral of Roy Emerson.

The funeral of Roy Emerson, the young man who met his death by drowning near his home on Levy Lake Saturday, was held from the Baptist church at Micanopy at 10 o'clock Monday morning, Rev. S. B. Rogers of this city, assisted by Rev. Mr. Holzhauser of the Micanopy Baptist Church, officiating.

The service was largely attended, which was an evidence of the high esteem in which the deceased was held.

The interment was in Micanopy cemetery, and a large number of friends accompanied the remains to their last resting-place.

Mr. and Mrs. A. H. Emerson, parents of the young man, have the sympathy of all who know them.

WEDNESDAY SESSION OF CIRCUIT COURT

Three Civil Cases Disposed of, and
Defendants Arraigned.

GRAND JURY MADE REPORT

Four No-Bills and Five True Bills Were Returned—Jury Working Rapidly. Four Defendants in Criminal Cases Arraigned, Two Pleading Guilty.

Wednesday's session of the circuit court convened at 9 o'clock, His Honor Judge Wills presiding.

Shortly after the convening of the court the grand jury came into open court and reported four no-bills and five true-bills, as follows:

Sam Sheppard, assault with intent to murder; Joe Hunt, breaking and entering with intent to commit a felony; Chas. Walker, breaking and entering with intent to commit a felony; Oscar Hopkins, murder; Gus Mashby, murder.

The docket was taken up, and the following civil cases were disposed of: Tatum Bank of Savannah, Ga., vs. T. J. Yearly, doing business as the Suwannee River Lumber Company, assumpsit. Judgment for plaintiff in the sum of \$842.60.

Covington Company vs. J. L. Chesser, assumpsit. Judgment for the plaintiff in the sum of \$234.84.

Stringfellow Bros. Co. vs. J. H. Vaughn, defendant, E. Marcioni, owner, claim bond in assumpsit. Verdict for plaintiff against claimant in the sum of \$80.

T. L. Boulware vs. J. A. Maulsby, action on the case. Jury empanelled and part of testimony submitted, when court adjourned until Thursday morning.

Defendants Arraigned.

During the day the following defendants were arraigned:

Sam Sheppard, charged with assault with intent to murder; plea of not guilty.

Joe Hunt, charged with breaking and entering, etc.; plea of guilty, was sentenced by the court to five years in State prison.

Chas. Walker, charged with breaking and entering; plea of not guilty.

Will Smith, charged with breaking and entering; plea of guilty, sentenced by the court to three years in State prison.

THE NEWS FROM ARCHER.

Building Boom Has Struck the Town. Death of Aged Negro.

Archer, Feb. 22.—W. L. Jackson has completed a new building near the depot, and it is occupied by Mr. and Mrs. Millen of Cedar Key, as a boarding house and lunch room.

D. S. Taylor is building a wagon repair shop and in a short time Mr. Madrox will put in a foundry and machine shop. The new building and enterprise will be near the crossing of the S. A. L. and A. C. L. railway lines.

J. T. Fleming and son will begin the erection of a new store room about the first of March. This building will be nearer the depot than their old building.

Mrs. C. D. Wood, who has been dangerously ill, is slowly recovering.

There has been a great deal of sickness in this section, mostly gripple.

Chas. Williams, an aged colored man, at one time a slave in the Fleming family, died Tuesday of old age.

Albert Hancock has returned to school at Lake City. He had to give up school for a while on account of his eyes.

WORK WAS SUSPENDED

On New Holy Trinity Church Building on Account Absence of Brick.

Owing to the failure of a carload of hard brick to be used in the construction of the new Holy Trinity Episcopal Church building to arrive, together with the inclemency of the weather, Contractor Robertson was compelled to temporarily suspend operations. The material arrived Wednesday, however, and the weather cleared; hence Mr. Robertson expects to resume work today.

In speaking of the building, the contractor stated that about four months, under favorable conditions, would be required to complete it. When finished it will be one of the handsome church edifices in the State, an ornament and a credit to the city and the congregation. The outside material being employed is the McCarrell stone, resembling granite. The stone is said to be very durable and will resist the weather for years.

Rear-Admiral Hichborn Praises Pe-ru-na.

ADMIRAL'S WORDS CARRY WEIGHT.

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

What he says is echoed by many other naval officers of high standing.

WHAT THE ADMIRAL SAYS.

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.

AN EVERPRESENT FOE.

The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious.

Taken in time, it will absolutely prevent catching cold.

PE-RU-NA AN ABSOLUTE SPECIFIC.

After a cold has become established, Peruna will break it up quicker than any other remedy known to man.

Even after a cold has become settled in some organ of the body Peruna can be relied upon to promptly dispel it. Peruna will cure catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form, do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

RECOMMENDS PE-RU-NA.

"I am convinced of Peruna's curative qualities and I unhesitatingly recommend it to all persons suffering from catarrh."—Commodore Somerville Nicholson.

FROM HIS OWN EXPERIENCE.

"The use of your Peruna as a remedy and cure for catarrh by many of my friends who have been benefited by the same, as well as my own experience as to its efficacy and good tonic properties, causes me to recommend it to all persons."—Ex-Lieut. U. S. Navy, James M. Morgan.

PE-RU-NA CURES THROAT CATARRH.

"I can cheerfully recommend your remedy, Peruna, to my friends and other sufferers as one of the best remedies I have ever tried for catarrhal troubles of the throat and kindred diseases. I also consider Peruna a grand tonic."—Admiral James A. Greer.

FOR COUGHS AND COLDS.

"I have used your Peruna with satisfaction and can cheerfully recommend the remedy as an effective remedy for coughs and colds."—Rear-Admiral J. A. Howell.

USED PE-RU-NA IN HIS FAMILY.

"I have used Peruna in my family with the most flattering results.

"I can recommend your valuable remedy as a most efficient remedy for coughs, colds and catarrh."—Col. U. S. Marine Corps, G. J. Porter.

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

Mrs. Cillon Laid to Rest.

The funeral of Mrs. Missaure Cillon, the sad death of whom occurred at the home of her son, North Garden street, Sunday afternoon, was held at Antioch cemetery, near Hagar, Monday afternoon, Rev. T. J. Nixon of Kananah Methodist Church, this city, officiating.

Deceased was about eighty-nine years of age at the time of her death. She was born in Thomsville, Ga., and married John A. Cillon. As early as 1860 she moved to Florida, settling near Hagar, where several children

were born to her. In 1883 her husband died, and was interred at Antioch.

Deceased is survived by four sons, James, Frank E., Francis M. and George Cillon, and one daughter, Mrs. George Chessier of LaCrosse, to whom the sympathy of friends is extended.

Is Well Pleased.

Dr. Benj. H. Morrow of New York, brother of Col. A. F. Morrow, who, with his sweet little daughter, Miss Amy, has been here as the guest of his brother for the past few days, has become perfectly infatuated with Gaines-

ville and its people. He declares the people here as a rule to be the most hospitable he has ever had the pleasure of meeting. Dr. Morrow complimented the city on its handsome residences and business buildings, its wide streets and beautiful shade trees, and says when he does find it necessary to return to his Northern home he will do so with a "bit of reluctance." The Doctor has made many friends here.

A free bottle of Dr. Thacher's Liver and Blood Syrup will be sent to any reader of this paper who will write to the Thacher Medicine Co., Chattanooga, Tenn.

OPENING DAY OF CIRCUIT COURT

Day Devoted to Selecting Jury
and Formally Organizing.

THE TERM MAY BE BRIEF

While Docket Shows a Great Many Cases, it is Believed That They Will Be Handled Quickly—Holloway Case Will be Called Next Week.

The spring term of the Circuit Court of the Eighth Judicial Circuit of Florida began Tuesday morning.

The court convened at 10 o'clock Tuesday morning, His Honor Judge Willis presiding. The day was spent in organizing.

Sheriff Fennell returned the venire of the jury, stating that same had been duly executed by the sheriff.

The juries were finally empanelled as follows:

Grand Jury—Henry Clay Parker, foreman; J. M. Tolbert, T. W. Colson, J. A. Phifer, S. D. Mikel, W. S. McDonald, O. W. Bauknight, J. L. Grimes, W. H. Tison, H. Jackson, A. H. Priest, R. W. Vaughn, G. W. Davis, J. T. Price, W. B. Riviere, John W. Sherrouse, H. H. Arnold, D. M. Phifer.

Petit Jury—W. W. Avera, A. M. Pournell, C. M. McKinney, J. H. Avera, T. Denby, Jonathan Manning, W. E. Brown, John Crawford, G. W. Miller, G. W. Hyde, H. J. Rites, E. Baird.

After the regular formalities in the opening of the court, an adjournment was taken until 9 o'clock this morning.

While there are quite a number of cases on the docket, civil and criminal, it is believed that these trials will not be lengthy and that the term will be a short one. One of the most important cases on the docket is that of the State vs. William M. Holloway, charged with interpolation by W. N. Sheats, which was continued from the last term. This case will not be called until next week.

BOUGHT MORE STOCK.

N. A. Callison of Spring Park Farm Determined to Lead the State.

Judging from the large number of registered stock purchased within the past few months by N. A. Callison, manager of Spring Park Farm at Bennington, it would seem certain that Mr. Callison intends to lead the State in the matter of registered stock. It will be remembered that several weeks ago he received from Texas a carload of registered Hereford cattle and Berkshire hogs, which were imported at a tremendous cost. A short time after a consignment was received from the famous Biltmore estate, North Carolina, and now Mr. Callison has just received another carload of fine registered sows from the same estate, two of which were imported direct. The stock is the finest ever seen in this section, ranging from 400 to 500 pounds in weight.

Mr. Callison has just received eight fine mules, which were purchased from parties in Savannah, and with all stock on hand Spring Park Farm is certainly well equipped.

DEATH OF YOUNG MAN.

Leroy Ormand, Son of Mr. and Mrs. M. H. Ormand, Expired in Tampa.

Leroy Ormand, son of Mr. and Mrs. M. H. Ormand, was born in Alachua county, Fla., July 21st, 1890, and died in Tampa, Fla., February 14th, 1905.

Roy was in bed only twelve days, and while he was complaining from a deep cold a week before he took his bed, he never gave up until this ailment developed into typhoid pneumonia, which made steady progress until he could bear it no longer. The father and mother are heartbroken, as this was their only child at home. He leaves four half-brothers and one half-sister. The bereaved parents have the deep sympathy of their many friends.

R. H. BARNETT.

Rev. Sherouse Has Gone.

Rev. Joe Sherouse, the Advent Christian minister who has held the charge of the Gainesville church for the past five months, has returned to Jacksonville, where he will assume another and larger charge. Mr. Sherouse is one of the most earnest, most impressive and most eloquent divines in the State, and it was with regret that his congregation here gave him up. As was noted in The Sun of Tuesday morning, he delivered his farewell sermon at the Christian Advent Church Sunday evening, preaching to a good crowd. The successor of Mr. Sherouse has not yet been named.

The Old Cracker Barrel—

ever think how many different kinds of soda crackers the grocer gets out of that barrel?

There's the top layer sort and the bottom layer sort—there's the damp day kind and the dusty day kind—there's the mackerel flavor and the kerosene flavor—and when you order bulk soda crackers you can never tell which kind you are going to get. That's the old way.

The new way is to get

Uneda Biscuit

in air tight packages.

You can get only one kind of **Uneda Biscuit**—the kind that are always fresh, crisp, and clean—the kind that are the same to-day, to-morrow—every day. They are the best soda crackers made.

A DELIGHTFUL AFFAIR.

Valentine Party at Home of Mr. and Mrs. Smith, Central.

Central, Feb. 21.—On last Tuesday evening there was given a most delightful Valentine party at the home of Mr. and Mrs. C. M. Smith.

The people gathered at an early hour, and after some delightful music had been rendered, the hostess, Miss Hassie Smith, assisted by Miss Florence Anderson, gave to each person a card on which was to be written a description of some one in the room. These were then distributed among the guests, after which the descriptions were read. This added no little enjoyment to the evening, as some of the descriptions were quite amusing.

After a few hours spent in interesting games the guests repaired to the dining room, where refreshments were served.

The remainder of the evening was given to music and the distributing of Valentines.

At a late hour the people departed, carrying with them the memory of a pleasant St. Valentine.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Mobile, Ala., Dec. 24, 1890.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK, M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 639, St. Louis, Mo. Send for testimonials. Sold by all druggists.

City Tax Collector Ellis has removed his quarters from the office of the Alachua County Abstract Company to the office of Thomas & Ellis, lawyers, where he is now comfortably located and in a position to accommodate delinquent property owners with receipts.

J. E. Haynesworth of Haynesworth, Deputy Sheriff Geo. W. Livingston of Newberry, J. J. Godwin of Rex, P. G. Ramsey of Wacahoota, John G. Dampier of Hague and H. M. Sherrouse of Micanopy were among the arrivals in this city yesterday. Some of these gentlemen are attending court, while others came on personal business.

LaFayette Moore of Grove Park was in the city yesterday and made The Sun an agreeable, as well as profitable call. Messrs. Silcox & Moore have recently opened a blacksmith and wheelwright shop at Grove Park, where they will be pleased to serve the public. They are first-class workmen, and guarantee satisfaction to all patrons.

After a visit to his son, Dr. J. S. Bodiford, in this city, J. H. Bodiford departed yesterday for his home in Colquitt, Ga. He enjoyed his visit here very much, and made many friends who regretted his departure. Notwithstanding his advanced age, Mr. Bodiford declares that he is yet "in the bloom of his youth," being as active as the average man of many years his junior.

Mrs. Susie Feaster of Micanopy and Miss Mattie Ford of Lynchburg, Va., who is visiting the former, her aunt, were the guests of Mrs. H. H. McCreary yesterday. These ladies have recently made quite an extended tour of the State. Mrs. Feaster is an old friend of Mrs. McCreary and expressed herself as agreeably surprised at the progress Gainesville has made since her last visit here.

The Gainesville Guards and members of the East Florida Seminary held an interesting meeting at the Seminary hall last night to arrange a caste for the Guards' Minstrels, which it is proposed to present to the Gainesville public in a short time. There was considerable interest manifested and the caste was organized and will begin rehearsals at once. The caste comprises a number of the finest vocal and instrumental musical artists in the city and a fine entertainment is assured. The songs and jokes have been supplied and the management assures the public that there will be nothing stale.

From Thursday's Daily Sun:

Mr. and Mrs. R. W. Small of Hague were visitors to Gainesville yesterday.

Deputy Sheriff Lee Stokes of Micanopy is attending the session of the circuit court.

Mr. and Mrs. G. H. Kelley of Rochelle were among the visitors to this city yesterday.

Mrs. L. E. Webster has returned from a visit to her daughter, Miss Ethel, at DeLand.

D. M. Davidson and Justice M. A. Bexley of High Springs paid Gainesville a visit yesterday.

R. B. Weeks of Hawthorn, chairman of the school board, was a prominent visitor to this city yesterday.

W. H. Tillis of Lakeland is spending a short time in the city, and yesterday made The Sun an agreeable call.

S. W. Vaughn and Dr. J. C. Barrs of High Springs were in town yesterday and made The Sun office an agreeable call.

LeRoy N. Pearce, the merchant and all-round hustling citizen of Alachua, was transacting business in this city yesterday.

Mrs. Clowersette of Micanopy was shopping in the city yesterday.

Jackson M. Brown of Fannin, one of Sheriff Fennell's efficient deputies, is in the city and made this office a pleasant call last night.

R. M. Chamberlain of Tacoma was among the visitors to this city yesterday, having been summoned as a witness in the circuit court.

A. E. Summers of High Springs, J. T. Henry of Newberry and Albert Hague of Hague were among the visitors to this city yesterday.

Don't forget to call on or write The Sun when in need of printed stationery. Our work is equal to the best and prices as low as the lowest. daw

After a pleasant visit to Mr. and Mrs. E. E. Voyle, Mr. and Mrs. Arthur Voyle have returned to DeLand, where Mr. Voyle is attending Stetson University.

Thos. E. Owens of Jacksonville was in the city yesterday. He has been engaged for several months winding up some affairs in High Springs, and returned to that place last night.

Born to Mr. and Mrs. B. R. Colson Wednesday morning, a fine girl. Friends extend heartiest congratulations, with the hope that the little Miss Colson will enjoy fine health.

N. W. Littlefield, for many years a resident of this city, but now with Brantley & Co., cotton buyers, manufacturers, bankers and merchants, Blackshear, Ga., is at the Brown House.

Silcox & Moore have opened a blacksmith and wheelwright shop at Grove Park, Fla., where they will be pleased to serve the public. Repair work done on short notice and satisfaction guaranteed. w2t

S. T. Fleming of Archer, Roscoe Small and C. M. Dell of Hague, J. B. Jordan of Alachua and George A. Byles of Windsor were among those who favored the county capital with a visit yesterday.

A. H. Emerson of Kirkwood was in the city yesterday and made The Sun an agreeable call. Mr. and Mrs. Emerson have the sympathy of many friends here over the recent sad drowning of their son, Roy.

Registration Notice.—Notice is hereby given that the registration books of the city of Gainesville are now open at my office in the United States land office, and all persons desiring to do so can register on or before March 12th, 1905. J. M. DELL, City Clerk.

James Holder and J. D. Pope, the naval stores operators of Rochelle, were transacting business in this city yesterday. This firm operates one of the largest turpentine plants in this section. They are now working thirty-five "crops," which they expect will produce this year 1,200 to 1,400 barrels of spirits and about 5,000 of rosin.

Mrs. D. R. Blood of Lake City has returned to her home, after a pleasant visit to Mr. and Mrs. S. H. Hall in this city. Mrs. Blood is originally from Thomasville, Ga., and moved to Lake City for the purpose of placing her two sons in the University of Florida. She became so infatuated with Gainesville that she good-naturedly declares she made a mistake when she did not come here and enter the young men in East Florida Seminary.

Is it Right?

Is it right that a property-owner should lose \$4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-for-use paint, at \$1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at \$1.20 per gallon; the property owner loses just \$4.20. Is it right?

It only requires four gallons of L. & M. and three gallons linseed oil to paint a moderate sized house.

Ten thousand churches painted with Longman & Martinez L. & M. paint. Liberal quantity given to churches when bought from S. J. Thomas, Gainesville, J. C. Bishop, Alachua.

Card of Thanks.

Editor Sun: We desire through your valued journal to express our sincere gratitude and thanks to those who displayed so much kindness and attention during our recent affliction, the loss of our darling son, Roy. We will pray God's blessing upon them all, and beg to assure them that their kindness will never be forgotten.

Span of Mules Strayed.

Strayed from my premises on Sunday night, a span of red mare mules. They lately came from Jefferson county and are probably on their way back. A reward will be paid for their return to me. REV. T. B. BROOKS, Ocala, Fla. d1t w2t

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRIBLE SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

THE SILVER TEA.

Earnest Workers' Society Entertained in Most Royal Manner Wednesday.

The silver tea given by the Earnest Workers' Society of the Presbyterian Church, at the home of Col. and Mrs. H. A. Ford, 501 East Church street, yesterday afternoon, was a most enjoyable event. The musical and literary program consisted of piano selections by Misses Alice Thomas, Ella Eddins, Raffia Wilson, soprano solo by Mrs. J. T. Percival, alto and tenor duet by Mrs. Elizabeth Smith and W. W. Ashley, recitations by Miss Myra McMillan and Miss Wimberley, all being well rendered. The pleasant home was tastefully trimmed with flags in honor of the birthday of the great General Washington, and each guest was presented with a small hatchet as a boutonniere souvenir of the day. The dainty refreshments were in keeping with other delightful arrangements of the committees in charge, and all present were made to feel at their ease.

LUMBER WAS SOLD.

Three Carloads Disposed of by Sheriff to Satisfy Creditors.

Sheriff L. W. Fennell has returned from Archer, where on Monday he disposed of at sheriff's sale three carloads of lumber, attached by Hodgson & Wood and others vs. J. M. Shipman, manufacturer of lumber, to satisfy certain claims.

The lumber was disposed of under the regular rules and regulations of a sheriff's sale, and was purchased by the Eddins Manufacturing Company of this city and Craig & Co. of Jacksonville. The prices realized for the lot was \$350.75.

The defendant has owned and operated a fine mill near Archer for the past two years, and his alleged ability to meet his bills caused no little surprise by those who were familiar with the capacity of the plant and the product shipped by the manufacturer.

Mrs. Phil C. Wind, nee Miss Nena Jernigan, of Live Oak is visiting her parents, Mr. and Mrs. L. A. Jernigan, this city.
